I. Call To Order

With a quorum present, the work session meeting of the San Marcos City Council was called to order by Mayor Hughson at 3:03 p.m. Tuesday, March 3, 2020 in the City Council Chambers, 630 E. Hopkins, San Marcos, Texas 78666.

II. Roll Call

Council Member Marquez arrived after roll call at 4:00 p.m.

Present: 7 - Council Member Melissa Derrick, Mayor Jane Hughson, Mayor Pro Tem Ed Mihalkanin, Council Member Joca Marquez, Deputy Mayor Pro Tem Mark Rockeymoore, Council Member Maxfield Baker and Council Member Saul Gonzales

PRESENTATIONS

1. Receive a Staff presentation and hold a discussion on the San Marcos Development Code amendments and Strategic Housing Action Plan, and provide direction to the City Manager.

Bert Lumbreras, City Manager provided a brief introduction. He turned the presentation over to Amanda Hernandez, Planning Manager and Shannon Mattingly, Director of Planning and Development Services.

Ms. Hernandez provided the Land Development Code (LDC) background and summary:

• April 2018 San Marcos Land Development Code Adoption
• March – May 2019 Solicitation of comments for annual update
• June 2019 Joint workshop between City Council and Planning and Zoning Commission. This workshop identified the following:
  – Items to expedite – Typos, Technical Errors, etc. (Phase 1)
  – Amendments requiring additional analysis (Phase 2 & 3)
  – Amendments not recommended for additional analysis
• December 2019 Adoption of Phase 1 amendments and discussion on Phase 2 & 3 amendments.
• March 3, 2020 Initial authorization for Phase 2 amendments and direction on
amendments not recommended for additional analysis.

Next Steps for Phase 2:

2. April 21, 2020 City Council Public Hearing & First Reading
3. May 5, 2020 City Council Reconsideration Second Reading
*Staff recommends analysis of Phase 3 items following the Comprehensive Plan Update

Greg Schwarz, Engineer, provided the recommendations from the Engineering Department:
• Increase protection zone around sensitive geologic features.
• Incorporate natural channel design for water quality zone reclamations.
• Clarify delineation of Water Quality and Buffer Zones.
• Waiver for geological assessment within Transition Zone and Contributing Zone within Transition Zone.
• Fee-in-Lieu / Exception for detention / water quality for 4 or less residential lots.
• Fee-in-Lieu of detention outside of the Urban Stormwater Management District.
• Expand administrative approval for Qualified Watershed Protection Plans.

Council asked questions regarding watershed protection and the waiver for geological assessment. There were some reservations on this and Staff will address prior to adoption.

Alcohol Conditional Use Permit Committee Recommendations:
• Expire conditional use permits after three years.
• Limit appeal eligibility to the applicant.
• Require permit holders to keep their site in clean and sanitary condition.
• Update the noise ordinance.

There were no objections to this list so it moves forward.

Workforce Housing Task Force Recommendations:
• Exempt infill from minimum lot depth-to-width requirement.
• Add Strategic Housing Action Plan as zoning criteria.
• Allow accessory dwelling unit parking in the second layer.
• Modify the definition of RV & manufactured home to include tiny homes.
There were no objections to this list so it moves forward.

Additional Amendments:
- Block Perimeter waiver for Heavy Industrial districts.
- City Council appellate body for City-owned properties denied by the Historic Preservation Commission.
- Align cross sections with Transportation Master Plan.
- Increase ETJ block perimeter.
- Remove initial authorization for code amendments by City.
- Update Concept Plat applicability.
- Provide definitions for House and Cottage.
- Include occupancy restrictions in CD-3.
- Make pre-development meetings mandatory.
- Include sustainability language per HPC-2019-03RR.*
- Add Event Center as a use.*

Items with an asterisk (*) are recent additions. There were no objections to this list so it moves forward.

Neighborhood Density District Amendment Summary:
- Create an additional district to allow a moderate increase in density from conventional residential districts.
- Require a Comprehensive Plan map amendment any time higher density is requested by amending Table 4.1.

Ms. Hernandez explained that staff suggests this be on the Phase 3 list (after the Comprehensive Plan update)

Mayor Hughson noted that not all Neighborhood Districts are similar in density and the same is true for Character Districts. Not having a Preferred Scenario Amendment process required is where we’ve seen most of the issues with rezoning requests since the LDC was adopted. She noted that a “PSA-light” might be in order for some, which would include some of the requirements for a PSA, but not all. She stated that this cannot wait for Phase 3. All council members in attendance agreed so this item will be in phase 2.

- Require “majority plus one” votes at the Planning & Zoning Commission and City Council for all Comprehensive Plan map amendments. This item will move forward. There were no objections to this list so it moves forward.

- Rename “Neighborhood Density Districts” to “Neighborhood Diversity
Council decided not to accept this suggestion.

Amendments not recommended for additional analysis:
• 24 amendments discussed on June 5, 2019 were not recommended for additional analysis.
• 3 amendments moved to this list following adoption of House Bill 2439, limiting where cities can enforce durable building materials.

Council returned to this item later in the meeting.

• Options for the action item on the regular agenda:
  1) Remove from the list of amendments to consider
  2) Send back to P&Z for recommendation(s)

Strategic Housing Action Plan:
• Staff identified four actions which may result amendments to the San Marcos Development Code.
• All actions were identified as items which should be considered following the Comprehensive Plan Update except:
  – Adding Tiny Homes as an allowable use in the Manufactured Home zoning district.
• Staff is seeking direction on the Housing Action Plan approval process.

Staff is requesting the Housing Action Plan to be reviewed by the Workforce Housing Committee or placed on future agenda for action. Council asked that this also include the chair and vice-chair of the Housing Task Force Committee.

Council returned to the list of items for removal.

Mayor Hughson inquired about item Remove-4 - Perform additional analysis and partner with Texas State University to better understand the demand for student housing. This is to be removed because it won’t be in the LDC, but will be addressed in the Comprehensive Plan.

Mayor Hughson inquired about item Remove-6 - Protection of Native American artifacts as this item is already a requirement outside of the LDC. Similar for Remove -5 Protection of trees on private residences.

She next asked about item Remove-15 - Remove exemption for projects of 10 or fewer units in CD-5 and CD-5D zones. (This is in the residential section.) Council unanimously agreed to place this back on the list for Phase 3.

Next item for discussion was Remove-24 - Maintain Planned Development Districts exclusion from Code. Note that the Phase 3 list includes Phase 3-32
Review possibility of adding Planned Development. Council determine that Phase 3-32 would suffice and that item Remove-24 may be removed.

Councilmember Rockeymore about the items removed due to House Bill 2439. Currently, we have not removed them from our code; they are flagged with HB 2439 as that bill allows for certain building material standards in certain areas. Council determined that leaving our standards in the code as a recommendation would be a good idea.

There were no objections removing the remaining items on this list so these items will not move forward.

Councilmember Derrick inquired about moving several items in Phase 3 to Phase 2. First was item Phase 3-14 On street parking should not count towards Multifamily parking requirement. Ms. Hernandez noted the complexities of this topic and stated that staff wants to have a workshop on this topic before the begin to create code changes. Council expressed concern about this item and the urgency to move forward so this item will be moved to Phase 2.

Councilmember Derrick then inquired about Phase 3-21 - Replace current standards with requirement that Commercial use across the street from established Residential use be limited to 1 story. She noted that this is a issue now and we need to address it now. Council agreed to move this item to Phase 2.

Mayor Hughson inquired about Past 3-15 – Accessory Dwelling Units - Change from by-right to conditional use in all districts. She noted that a Conditional Use Permit was required in the past. Ms. Hernandez noted that some of the previous conditions are built into the Code. ADUs are limited to a few residential districts, same utility, limited to one per property, limited in size, and the owner must live on the same lot. Council consensus was to move to Phase 2 for further analysis.

Staff will update the Code amendment document, as recommended by Council, and ask for a motion to move forward at the regular meeting this evening.

V. 30 Minute Citizen Comment Period

Eduardo Camargo, Director of Governmental Affairs for the Student Government at Texas State University, spoke on the stewardship of the environment. Students are becoming aware of the faults in efforts to divert waste, to properly dispose food waste and recyclable materials. Texas State University lobbied the state legislature to create the environmental service fee which creates a revenue of $80,000 for environmental projects. Bobcat Blend, a student-run organization at Texas State focuses on collecting compost out of kitchens on dining locations on campus. The student government passed a piece of legislation that advocates addition post consuming composting on the Texas State University campus, which is having compost bins to compost their food scraps. Mr. Camargo mentioned that this will make Texas State University one of the very first schools in Texas to implement a post consume compost system. He mentioned the issues that students are facing and how Council can help. Students main issue when composting and diverting food
waste is lack of education and lack of culture as it relates to compost. The culture is growing day by day and we are recruiting students to become more aware and to advocate for environmental issues. We decided that it was time to put this in writing and that the Council considers implementing a zero waste plan so we have time table to meet certain standards. City of Toronto have a composting system which have been self-sufficient and self-sustaining and believes we can have something similar in San Marcos.

Tucker Thompson, Student Body Vice-President at Texas State University, addressed Council on the implementation of Zero Waste Plan and made the following comments:

"What is Zero Waste? It is a set of principles focused on waste prevention that encourages the redesign of resource life cycles so that all products are reused. The goal is for no trash to be sent to landfills, incinerators, or the ocean. Zero waste encompasses more than eliminating waste through recycling and reuse, it focuses on restructuring production and distribution systems to reduce waste. It means designing and managing products and processes systematically to avoid and eliminate the waste and materials, and to conserve and recover all resources from waste streams.

How does Zero Waste Create Jobs and effect the Economy?
1. Collecting, processing and preparing materials. Your discarded materials are picked up and then brought to processing facilities where they are sorted and prepared to sell to markets.
2. Making new products from recycled materials (remanufacturing). Your recyclables then head to paper mills, metal smelters and plastic manufacturing facilities that use recycled materials to make new products. Compost facilities turn your discarded yard and food scraps into valuable soil amendments or energy.
3. Reuse and repair businesses that sell reclaimed products. These include antique stores, thrift stores, tailors, auto salvage yards, computer refurbishers, and used book stores.

Ten times more jobs are created through reducing, reusing and recycling than through trash disposal. In addition to job growth, Zero Waste gives value back to the community by keeping materials – and dollars – out of the landfill. Every ton of trash that gets buried in your local landfill contains products like paper, plastic, and metal that could have been sold for recycling. That’s money that could have supported community and local businesses. The U.S. buries $11.4 billion every year in potential revenue from earnings. Other cities are Austin,
Dallas, Washington D. C, Oakland CA, Boulder CO, and others. Waste Management systems have not received as much attention in teh city planning process as water and energy therefore gaps can be observed. He provided a number of examples.
- Restaurants Food Waste:
  - Auditing how much they buy so they will not overbuy.
  - Providing Composting opportunities (provided the city has a composting center available).
- Keeping leftovers to give to community centers (i.e. Southside community center).
- Providing more menu options with leftover food items that would have previously been thrown away.
(Comments were limited to three minutes, time expired)

Eric Martinez, Policy Director w/ Mano Amiga and spoke in favor of the proposed ordinance on item # 29 and read the following comments:
"Since 2007, Texas law enforcement officers have been able to “Cite and Release”, for certain low-level, non-violent offenses, like driving with an invalid license, petty theft, and possession of Marijuana, in effect treating these offenses much like a traffic ticket, where somebody still has to go through the court process, pay restitution if necessary, rather than being arrested unexpectedly. Being arrested and jailed even for short period of time can have devastating consequences. As a merely an arrest record can negatively impact employment, and housing.
To be eligible to have these offenses treated like a traffic ticket a person must be a resident of Hays County, not be publicly intoxicated, they can’t be a danger to themselves or others, they can’t have any outstanding warrants, or be charged with a more serious non-citation eligible offense. An ordinance ensures that 100% of people who are citation-eligible no matter their race or class will experience law enforcement in the same way. I’m certain under the direction of Director Stapp and Chief Klett that small improvements are being made, but small improvements are just that: small. We should be arresting 0% of the time for citation-eligible offenses, not 77% of the time. How long do peaceful non-violent members of our community have to wait to be free from fear by the hands of our local law enforcement? How long do we have to wait till, we say that we will stop separating parents from children for these non-violent offenses and stop ruining students' lives. As somebody who grew up in a household with family members who lived in fear of law enforcement everyday this is very real to me. My step-father, worked 3 jobs so that my mother could work 1, so we could have 1 parent in the house-hold, half the time. He drove to those 3 jobs with an invalid license, dropped me off at
school with an invalid license. We lived in fear with him and for him. Today y’all will decide whether or not everyone who has a citation-eligible, non-violent offense deserves to have their freedom, or if these people deserve to be incarcerated and locked in a cage, taken from their family, friends, loved ones, and community over merely petty offenses. An ordinance would ensure 100% of people are treated fairly and a resolution would only deny and delay justice. So it is that I humbly ask, you support what is written, as it’s written, and delay justice no longer."

Khimaira Garza, spoke in favor of item #29, made the following comments:
"In November of 2019 my life was at its lowest. My home life was abusive, and because I was afraid to go home I spent a large amount of time in Austin. I was seeing a woman twice my age, who was abusive and dangerous in ways that were much harder to escape from. In November of 2019, she was going onto a plane, and handed me a vial with a small amount of methamphetamine in it. I held onto it for her, afraid that if I lost it my fears would turn into realities. I was terrified of her, and to this day I’m unwrapping everything that I dealt with as a result of her entering my life. She was not the first dangerous addict in my life. The first was my father, a sociopath who’s now in prison because he, like her, was in the dope game, and he, like every other addict, had time run out on him. In October of 2019, I started letting my own time run out. I found that the sands of time looked just like crushed crystals, and my time almost ended as quickly as it started. In November, I did not come home for thanksgiving. The only stretch of my waistband came in the form of her gun, and the only knives I held were the ones I sharpened for her. There was no home to go to, no grace to say with my cousins. I didn’t even talk to my family on that day. On the 28th of that month, we were pulled over. I was unable to tell the police who the vial belonged to. I knew the consequences of being honest. So I lied. The officers were kind, and the amount of drugs was small enough to be considered residue. I know that the police could have arrested me. I could have been in prison like my father. Instead, they handed me a ticket. Instead, they gave me a chance to get sober. They gave me a chance at life. And I know, that for so many Latinos like my father, citations do not come often enough. I know that if I came out less blanquito and had the dark hair of my family, the caramel skin, that I could have been arrested that night. We need to pass an ordinance to ensure that every low level offender is able to get the same level of understanding as I received. We need to pass an ordinance because I know that if my father, my cousin, my friends, had been in the truck that night, that they might not have been given that chance. When black and Latino citizens are disproportionately arrested, when black and Latino citizens continue to have their lives split apart while white citizens who
commit the same times get to live outside of a cell, when black and Latino citizens lose employment and housing because they stay in jail for days, there has to be accountability. Guidance is not enough. An ordinance is the only fair and moral solution. Thank you.

Samantha Benavides, San Marcos Advocacy Fellow for Move Texas, addressed agenda item #29 and made the following comments:

"The first component of the policy I want to address is the issue of officer discretion. In the time that I have spent advocating for this policy, I’ve heard officers say that as long as someone is complying with them, isn’t giving them a hard time, isn’t lying to them, they give them a break. But when you come from a community that has been historically victimized by law enforcement, and many still are today, you may be nervous, young people especially, and may not be in total compliance, and you may lie, because you do not trust them based on their history with the community. Mandating citation by curtailing officer discretion means understanding this relationship. This is why we need an ordinance that guides officer discretion and to requires them to use it to the benefit of *all* San Martians. We’ve already seen dramatic racial disparities in the use of this policy. In 2018, they didn’t use the policy on a single Black person; out of the 72 cases, all eligible for cite and release, every single one of them was arrested. Despite only making up 5% of the population, they accounted for 22% of citation eligible arrests. Without this ordinance guiding officer discretion, I know and I am certain that we will continue seeing racial disparities in SMPD’s use of cite and release. The next thing I would like to address is the overcrowding in Hays County jail. At a recent commissioners court meeting it was stated that the county spends over $87,000 to outsource inmates and that we have contracts with nine counties to outsource our inmates to other jails. Instead of implementing the state level framework that outlines citation eligible offenses, keeping low level nonviolent offenders out of our pretrial jail system, San Marcos has preferred a system where an arrest option is still on the table. An arrest not only separates them from loved ones, but in many cases, our overcrowded jail can mean being sent to an unfamiliar facility. At the same time, their cars may be impounded, their dependents may be left without proper care, and they could be left jobless. Young people in San Marcos should not have their lives so destabilized by a system that we can improve together, today, with the policy option on the table. You were elected to the positions you are in now because our community, young voters included, trusts you to bring justice to an oftentimes unjust system. I hope you won’t accept anything but a cite and release policy that guides officer discretion, takes racially discriminatory policing seriously, and has in place diversion programs so that people can remain in their communities rather than
Emma Mayers, support of cite and release, addressed agenda item #29 and made the following comments:

"Good evening council. My name is Emma Mayers and I would like to express my support for the cite and release ordinance on the agenda tonight. So I have been following the issue of cite and release since around September of 2019. Like Sam, Erik, and Khi have mentioned, implementing this ordinance is crucial for making our community a more just and equitable place. Passing an ordinance which includes all state eligible offenses, guided discretion, and data transparency will have a positive impact on marginalized populations within this community. With people under the age of 25 making up 50% of those eligible for citation, it is undeniable that young people will benefit from this ordinance. We know this, which is part of why you have seen so many organizations like Mano Amiga, MOVE, Texas Rising and countless others working together to support cite and release. It is your responsibility as council members to listen to your community and take our concerns seriously. We want this for San Marcos and have been expressing this for many months. I hope to see this version of cite and release implemented quickly by treating it like the priority that it is and moving it up on tonight’s agenda. In the future I hope to see my city council supporting more initiatives that address the inequality within our own community. Thank you so much."

Faylita Hicks, spoke on behalf of Mano Amiga, read from a letter dated on June 9, 2010 to Ms. Wilson at Texas State University. "I'm currently waiting court in the Hays County Jail, on May 2, 2010 my car cut off on the side of the road. An officer pulled over a speeding truck, behind my vehicle, ticketed the driver and questioned me about my vehicle. The officer asked for driver's license and there was a warrant for my arrest. I am writing this letter because I have been arrested and detained from 10pm on May 2, 2010. Therefore, I have missed a mandatory final exam for math class, it was the last course I needed to complete my degree. The failure of this course, is going to require me to find an alternative route to graduating. I could not afford the $600 required for bail and can't afford another semester at Texas State right now. Not asking for any other charitable services that I have been privileged to receive from the University but would like to know some of my options. I realized that I'm asking a lot of questions. Many that have nothing to do with your position, when I realized that i was going to be in here for an extended period of time. I knew that I needed to talk to someone soon. I admit that I have been struggling with the concept of completing school at all and up to this week it
has resolved not to. These past 7 years have been so long and so hard and I
didn't know if I was worth trying. Most days it feels like I'm just getting by
and I'm never going to accomplish anything. But people like professors and
colleagues help keep me moving. I am smart and capable but I'm lost and the
thing that gives me any purpose or direction is school. Sitting in here, I feel
that I have let a lot of people down. Without trying to, I have become another
static and my education just took me to the place that I wanted to avoid and I
don't believe it. I thought someone had gotten it all wrong, today is not simple
and please tell me what you think I should do. I never wanted to be that sad
little woman, crying "Woe to me" but I don't know what else to do at this
point. My court date is June 18, 2010 and if all goes well, I will be released with
time served. If it is alright with you, I would like to make an appointment with
you to talk on how to strive forward on my out." I was released in July. When
we talk about people who are being held inside the Hays County Jail for low
level, non-violent offenses and misdemeanor charges. It is very likely,
according to the Texas Appleseed report released in April 2019 about one in
four people charged with nothing more serious than A class B misdemeanor
stays in jail longer than 3 days. This is a report that has been covered all over
Texas, not in one county but multiple counties in all the State of Texas. In
2019, San Marcos Police Department showed to arrest low level citations
available offenses 77% of the time, only 31 people out of 134 people received
citations and summons to appear in court at a later date. According to the San
Marcos Police Department own numbers in 2018.

Lisa Marie Coppoletta, spoke about feeling safe in your own home and
looking over the word tyrant. There is a quote "that tyrants already have some
slight shade of virtue and they support the laws before destroying them". Her
question is, is he the emperor or City Manager. There was a policy established
back 2013 no one sided sidewalks. There was no caveat, if we had a right of
way, the criteria was a right of way near grocery store, near school, or near a
bus stop. None of those fit the Belvin Street sidewalk project. In fact they
installed two bus stops to justify the project. Found out that the actual
sidewalk where the affordable houses, where the city worker lives is not a
public sidewalk but a private sidewalk. My yard got butchered is because Bert
didn't follow his policy. In June on TV, under the agenda item for increase
communication to protect historical resource and heritage live oaks, he stated
that all future sidewalks projects will go through the Neighborhood
Commission. That all future sidewalk projects would have neighborhood
meetings. Instead, he held secret meeting with some neighbors and because of
three junk cars in the drive way and three junk trucks in the street. Suddenly
that family got a secret meeting and my yard was butchered. She stated that
she is the only Caucasian on the block finds it very odd, that every Hispanic has got everything they wanted. The City went on private land or alleging they didn't have right a way but we know they do as it is simplified by the utility poles and built up a Hispanic neighbors drive way to shut her up on the sidewalk. The City Manager is not installing a sidewalk on his employees who makes sidewalk to the point that it's dangerous. People are walking in the middle of the street. The stupidity of the sidewalks in my instance is that because he held secret meetings, now my financial assets in those beautiful trees of three different neighbors under threat. It is unsafe because people are walking on the side of the street where they have to cross the street to get to the food desert. Do I file a complaint against Kelly Eby for continuing trespassing? When I send correspondence from refraining her to do that, when she knows she didn't have a right for me to sign the form. Do file a complaint against Saul for his secret meetings? What do I do? You guys have ripped into my yard. If my trees were low level smoking weed or thieves, maybe you would have paid attention to my trees. Do not understand why you guys are not holding him accountable? The policy is that we have an open meeting with the neighbors, not a secret meeting. Most neighbors didn't get their yard butchered, I did and I'm the only one that is white on the block.

Deborah Carter, spoke in support of cite and release item. She thanked the Mayor and Council for their time and service. She stated that she was upset to read that no black people benefited in the cite and release in 2018. She stated if she was to get pulled over, she wouldn't have a problem no matter or have the least repercussions. She stated that it is very shameful, it's not justice and we need the cite and release ordinance. Mr. Carter mentioned the economic benefit of the cite and release ordinance. Talked about the cost of keeping people in jail that we don't have room and that is expensive and another aspect of the economic drain in our economy in our local employers. As Faylita Hicks said, "cite and release is an opportunity not to have your life disrupted". She stated people are struggling to find and maintain employment. She stated her friends and neighbors are barely making ends meet. Economic development has been one of the City's top initiatives. She stated from experience helping friends find jobs and seen incidents of job related disruptions. She stated unemployment rates are low but friends and neighbors are still struggling. Employers will let people go for minor attendance issues and is seen as unreliable and unstable. She stated that she has seen first hand people lose their jobs for this specific reason for spending time in jail for minor and victimless offenses. She mentioned that she has seen how it affects the whole family due to the loss of their income to pay bills. Also, the grief and anxiety to them or their children. She stated that mandatory city and release will be
good for our economy. It makes economic sense for a stable workforce that our employers will appreciate.

Ann Whitus, spoke in favor of cite and release. Ms. Whitus stated professionals tell us about preventing personal preference comfort level and past experiences from clouding one's judgment is extremely difficult in the best of circumstances. That is why in court trials, juries are questioned for bias. Today in San Marcos, we are asking San Marcos law enforcement officers to act as judge and jury for misdemeanors, taking punishment into their own hands when cases can be more fairly adjudicated by the practice of cite and release when allowed by State law. The numbers clearly tell us that in San Marcos from 2018, while black people made up only 5% of the population, there were 22% of cite eligible arrests. While white people were under criminalized relative to their population. Hispanics were over criminalized but not to the extent of our black community members. She stated that this is discrimination against people of color. She is asking Council to support the application of ordinance with only 6 disqualifying circumstances and not by resolution. The ordinance will remove intention or unintentional inclination for bias, which the numbers have shown and we all will be treated fairly regardless of color or economic background.

Alexis Duran, spoke on behalf of Texas Rising and in support of cite and release. She wanted to reiterate what the other speakers have said. She stated that no one's life should be ripped away and ruined when they can be given another chance by receiving a citation. People deserve to have hope and San Marcos Police Department has the ability to give out citations and have not been using it.

Jordan Buckley, spoke in favor of cite and release. He stated that this evening reminded him of Senate Bill 4 vote in which Mano Amigo was just born. He stated that he had been to jail three times and how humiliating can it be. He mentioned that will be hearing statistics from the Police tonight and the committee members received a report last month on how many people committed class A, B, and C misdemeanors but only certain numbers are eligible. He stated that the bigger number doesn't matter at all. He stated that he is not speaking for those that are not eligible to be cited. He stated that the smaller number on who is eligible and of those who are eligible who got arrested and cited. He stated what is important under State law, who is eligible and who got arrested and cited. He stated that three quarters who were eligible for citations, instead got arrested. He talked about discussion on discretion, disqualifying circumstances that police leadership has had 9 months to look
at. He mentioned that Chief Stapp in his memo stated, "that it is fairly exhaustive in having the opportunities to justify in making an arrest". He stated that we are not impressed 77% of people because last year it was 87% and we want 0% and it is not difficult. He stated that people shouldn't go to jail for petty offenses with citations do the trick. He asked Council to have the final vote on April 7th.

Dayann Pazmino, on behalf of POC community, she spoke in favor of cite and release, there is fear and not knowing how to interact with cops, fear in not knowing, if our family will be separated for traffic violations. She stated fear for their future that it will be undermined for minor offenses with marijuana. She stated that young people are using marijuana medically to treat anxiety, depression or chronic pain, and many other reasons. She stated that young people do not get universal health care but they are being criminalized for taking care of themselves. The DACA community is terrified for being put on a pedestal having to be perfect. She mentioned that they are just normal young people that want to live normal lives. She stated sitting in jail interacting with ICE is not the fears that we have to deal with on a daily basis. She urges Council to pass the cite and release ordinance. There are statistics that people with color are being targeted by the police. She mentioned that this is not the society that she would like to live in.

Albert Sierra, Director of the San Marcos Housing Authority, spoke on the amendment #19 on CDBG-DR, Res. 2020-49R. In June of last year, over 8 months ago, this body was told that they would have inspectors go out to Blanco Gardens to come back with an assessment of damage to receive reimbursement to the flood damage recovery. No receipts had to be proven and that has not happened. The housing authority has not received a penny, today he finds out by looking at the action plan that $26,000 has been extracted from those funds, what that is, he doesn't know and will try to find out. He stated that it is commendable to open flood assistance to the people that were affected by the 2015 flood in the area of Blanco Gardens. He mentioned that the statements made that it would be given to provide assistance offered to city wide residents and if that would have been done then justice would have been done to the people in Blanco Gardens. He urged Council to make expedited progress on the expenditures on the funds that have been set aside for housing. He mentioned that yet, not much has been spent. He stated 1.8 million dollars for 10 homes that were raised 4 or 5 feet off the ground to be in the 100 year flood and the $26,000 that came out of the budget for the housing authority that he doesn't know what that is for and it didn't come to us.
Karen Brown, in support of cite and release ordinance, she stated that all the comments made from personal testimonies and citing statics that it is very clear to her and clear to Council that this ordinance will bring a measure of justice to our community. Justice especially for people who are poor and working people who can get fired if they miss and people who are separated from their children. She stated that she worked with children for many years and that she is particularly concerned for the children whose parents are put in jail instead of getting a citation when they commit a misdemeanor. She stated that they are not a danger to society or danger to anyone and should be home with their families. She urged Council to please consider this ordinance when you think about the children. She stated that with justice in the community will be better if we are a just community. She stated that we heard other statics from people that have quoted, we have heard from personal testimony that justice is not served when the vulnerable people who are low socioeconomic and people of color in our community. When people are treated differently, when they are taking advantage of we are not meeting out justice instead we are meeting out injustice. She stated to please consider voting for this ordinance, it's the right thing to do and has confidence in the Council to do the right thing to pass this ordinance.

Kristian Caballero, spoke on behalf of Texas Appleseed, addressed agenda item #29 and made the following comments:

I’m speaking on behalf of Texas Appleseed, which fully supports the adoption of a Cite & Release program in San Marcos and more importantly, an ordinance. We would like to encourage the policy decisions that council makes related to arrests and jail be designed with the goal of preventing contact with the jail whenever possible and releasing people who can safely be released as quickly as possible. Research shows that jail contact has a major negative impact on people’s lives, including but not limited to: employment, housing, education, mental or physical health, and family stability. Given the major destabilizing impact that jail has on people’s lives, jail stays increase a person’s risk of additional charges, fines, fees and re-arrest. In short, unnecessary jail time creates a vicious cycle of involvement and debt with the criminal justice system. Not to mention the threat of deportation for undocumented immigrants. By using citations in lieu of arrest, hundreds of people charged with low-level offenses can avoid contact with the jail entirely, maintaining contact with their children, families and communities; showing up for work and maintaining their employment; and able to continue with their lives as usual. We hope that council will adopt a Cite and Release ordinance to require officers to not only notify people that they do not need to disclose their
immigration status but also to update their citation forms to accurately define race and ethnicity, publicly share cite and release data quarterly, especially in relation to the offenses, and to successfully create the opportunity for people to avoid jail contact entirely.

V. 30 Minute Citizen Comment Period

Michelle Carbajal, spoke against the cite and release ordinance. She stated that she was born and raised in San Marcos. She stated that she is a local business owner and her family has been in San Marcos since the 1960s when her dad went to Texas State University. She mentioned that her family owns a historical building on the Square. She mentioned that in the 1980s her father and a friend purchased three buildings on the Square to help revitalized downtown San Marcos. We are invested in the community. She stated that they are part of the Downtown Association, Main Street Program and Hays County Historical Commission. She mentioned that she and several business owners oppose this cite and release ordinance. She mentioned she wants police to have discretion and they rely on the officer's authority and judgment in our community. She stated that to we need to trust the officers that they have been
trained to make appropriate judgment calls. She mentioned that we rely on them in so many ways in our community and we do not want to tie their hands enforcing the law. She mentioned that as a business owner, she wants to feel confident if she has been a victim of a crime that San Marcos Police Department will come to investigate the crime and take appropriate actions. She gave an example of someone drew graffiti or broke a window to my family's building it is not a victimless crime. She asked if you knew if a person gets a cite and release, the numbers are 40% of the time, they do not show up to respond to the crime they have committed. This percentage in some communities, is much higher. She mentioned that she has been a licensed surety in Hays County for 15 years and she knows the side effects that cite and release can have in a community. She mentioned that her family has 40% less chance in getting restitution from the correctly identified person for the damages done to the building downtown on the Square. She asked if the City of San Marcos is doing everything in their power to protect business owners and property owners. She stated to also trust the Police Department, to let them do their job that they were trained to do.

David Mendez, stated he is a proud Rattler and a concern citizen. He provided a list of failures to appear in court to Council. He is a bondsman for over 40 years kept on the services in Hays County. He stated the cite and release ordinance to have in place will show data but also show individuals are not going to court. He mentioned that these individuals are PR in the Sheriff's Office but when they get a PR bond they are not monitored by any individual which is a lawyer or a bailbond agent. He stated that the issue is if they are getting the slap in the hand and not paying for consequences, the jail is going to be filled of individuals of bond forfeitures and failure to appears. He stated that for a bonding company when one is incarcerated that is titled a forfeiture, we are going to ask for more collateral so they can show up for court. He stated that some are not able to afford getting out because the judge is going to increase their bond and now the jail system is going to be crowded with failure to appears and this is happening and not being monitored and going to fail to go to court. He mentioned that the judge will see if the individual is on the run from the court and judge will increase bail and how many times is the judge going to increase the bail and will stay in jail. He stated that he understands that the City wants to help the system, but creating this and the data shown are going to continue fail to appear in court.

Roland Saucedo, He stated that he has been contacted by numerous citizens, life long residents of San Marcos and people that are multigenerational. He mentioned that most of the disturbing thing is how full support that four
council members are in favor of the cite and release ordinance as proposed by Mano Amigo but not proposed by the citizens nor drafted by staff. He stated that the draft was created by Mano Amigo and they do not represent the citizens of San Marcos but only a portion of citizens that live in San Marcos and do not represent the San Marcos citizenry. He mentioned that nobody in Barrio Pescado, nobody in Blanco Gardens, nobody in Rio Grande Terrace, nobody in Sunset Acres, nobody in Cottonwood Creek, nobody in Mockingbird Hill, nobody in Hill of Hays neighborhoods and those neighborhoods are affected by crime. He asked Council to hold a workshop before moving forward. He urged Council to have all the facts, coordinate with the County with regards of timeline and the process of the diversion program and how the magistrate judge will work on this. He supports the cite and release but not in support of theft of services or theft of property. He stated that he is a Christian and in the 10 commandments, it says "thou shalt not steal". He mentioned that he has been on both sides of the law, he has been arrested multiple times, lost job because he couldn't go to work the next day because he couldn't get out early. He mentioned that he doesn't blame that on the system but blames himself and that was his choice he made. He stated God gives us freewill and I made a choice to break the law so I have to suffer my consequences. He urged Council to take the San Marcos citizenry into consideration.

Rodrigo Amaya, thanked the speakers that have heard in the workshops. He stated the first thing on his list is the City Manager has a description "response to citizens that have complaints" in #4 on his duties. He stated that he has had a bad experience, he used to call his office and spoke to Karen Smith and now she has a secretary, some individual named Hayden Migl. He mentioned that he is not happy with the results that he has been getting from him. He mentioned that he has been asking if he can sit with his supervisor and I was informed that they have created an executive team. He stated that he attended the Criminal Justice Reform committee meeting and is very concerned and the statements that were coming back from the Chiefs. He recalled one statement Chief said "paperwork gets lost", he stated when you have someone in jail and the paperwork gets lost, that individual shouldn't be employed. He mentioned that paperwork shouldn't be getting lost specially when someone's freedom is on the line. He stated that US Constitution grants you get fair trials. He mentioned that he has experience in law enforcement issues. He thanked Mano Amiga for their efforts but if you want to look at something productive is to use the City of Austin Office of Police Oversight, those officers are trained to assisted with law enforcement related issues, he recommends Council to look into that. He stated that he needs a meeting with the City Manager.
because his subordinates are not cutting it. He mentioned that he is concerned with agenda #15, $300,000 for La Cima second fire station.

Jordan Buckley, spoke in favor of cite and release, he stated that the Collin County Sheriff asked not to bring petty criminals to jail. He mentioned that we should have an urgency of having a policy to keep people out of jail when it's not necessary. He stated that Ms. Carbajal wants the police department to investigate, that will take place with the cite and release but that person won't go to jail for a day or two, but there is still restitution, there will be a summons to court to deal with their criminal case. He stated Mr. Mendez who is a bailbonds man has a financial incentive not to allow cite and release. He stated that Mr. Amaya said we should look to Austin for guidance, he stated that is what they have done. He mentions that elected officials in San Antonio, Houston and Austin have said to go with an ordinance. He stated that Collin County with crimes that the Sheriff has said not to arrest are trespassing or public intoxication, our ordinance doesn't include those. He stated that the neighborhoods has not been consulted, it's been a year that the draft ordinances has been in the Criminal Justice Committee. He stated that they have forms at the Library, Cephas House, Calaboose Museum, multiple times on campus. When there was a poll taken by the San Marcos Daily Record to take away discretion, what the ordinances doesn't do, instead it guides discretion but 63% of poll correspondence will support an ordinance that did do that. He stated that the ordinance provides guidance to the officers to make citations but only in cases of disqualifying circumstances, which Chief Stapp has cited "as fairly exhaustive". That does allow officers to exercise discretion that fits the case for them to be arrested instead of cited if they have that option. He mentioned that the San Marcos Police Department leadership has had 9 months to come up with the list of disqualifying circumstances.

24. Receive a Staff presentation and hold a Public Hearing to receive comments for or against Ordinance 2020-11, amending the Official Zoning Map of the City by rezoning approximately 12.5 acres of land generally located North of the intersection of Highway 123 and Monterey Oak Drive, from “FD” Future Development District to “CD-3” Character District 3; and including procedural provisions; and consider approval of Ordinance 2020-11, on the first of two readings.

Shannon Mattingly, Director of Development Services, provided a brief presentation.

The Mayor opened the Public Hearing at 7:57 p.m.
Chris Weigand, spoke on behalf of the applicant and in favor of this project.

There being no further comments, the Mayor closed the Public Hearing at 8:00 p.m.

A motion was made by Mayor Pro Tem Mihalkanin, seconded by Deputy Mayor Pro Tem Rockeymoore, to approve Ordinance 2020-11, on the first of two readings.

Mayor Hughson stated her concern with CD-3 and that she cannot support it as is because this is next to a SF-6 neighborhood and the CD-3 zoning category due to the problems with CD-3 since the LDC was adopted. This is because the Character Districts only have 6 categories of housing, two of which are very low density. She asked that the Planning Department create a new CD-3 category which includes occupancy restrictions for Phase 2 of the LDC changes. She did not propose changing the existing CD-3. CD-3 allows for too many housing types.

Councilmember Derrick asked we can require the creation of a Home Owners Association (HOA) but we cannot.

Councilmember Derrick and Mayor Hughson asked that the staff and applicant work together to bring back as SF 4.5 or SF-6 at a later meeting. She also asked about waiving the reapplication fee if the developer wants to make the change. Council agreed.

The motion to approved failed by the following vote:

PRESENTATIONS

1. Receive a project update and hold discussion on the pre-development services relating to the new Public Services Center, and provide direction to the City Manager.

Bert Lumberas, City Manager stated that two presentations will be held this evening:

• An update on the Public Services Center project, and
• A follow-up briefing on motor-assisted scooters.

Both of these presentations were scheduled for the March 17 work session and postponed when that meeting agenda was changed to provide a COVID-19 update.

The Council received a presentation regarding the proposed Public Service Center last November. During that briefing, staff provided some of the details of the facility including location, conceptual layout, cost projections, financial capacity, and procurement process.

Design has continued over the past few months, and the presentation is an
update prior to the Guaranteed Maximum Purchase Price and contract coming to Council in June. This briefing includes:

• listing the departments that will occupy the Public Service Center and rationale for any changes;
• highlighting some of the environmental features that will make the facility more sustainable; and
• outlining next steps including upcoming waiver/exception requests and contract consideration.

The presentation also went over some of the points provided in the memo sent to you last Friday which outlined the financial considerations for this project and summarized staff’s recommendation to proceed.

There are many reasons to continue this project including the condition of the existing facilities, the fact this project has been in the works since 2007, and the amount of resources the City has already committed to get to this place.

We also think we may be able to benefit from lower borrowing costs and possibly lower construction costs in the current environment.

The facility will be paid for from Enterprise Funds and the General Fund, but it is structured in a way that allows the General Fund time to recover from the current economic conditions. This funding strategy has also been reviewed by the City’s financial advisor.

Mr. Lumbreras turned the presentation over to Tom Taggart, Director of Public Services.

Mr. Taggart advised the Council that there have been some changes to the plan. After further review of operational needs for Parks Maintenance staff, it makes more sense to keep them centrally located near the 40 acres (current location of Parks Maintenance equipment – near the Animal Shelter).

• Water quality moving out of their current facility frees ~ 3,850 sqft of office and work space adjacent to the 40 acres that fits the needs of the Parks and Rec. Maintenance staff (converted former animal shelter bldg.).

Advantages
• Near perfect functional fit for both office and workspace
• Improved efficiency for P&R staff travel time utilization
• Provides additional day one expansion space at Public Service Center
• Preserves building footprint expansion for anticipated 15 year growth
• Avoids ~$1M+ increase in project costs
• Consolidates Parks & Rec staff, equipment, storage yards adjacent to 40 acres

There was no opposition to this change by the Council.
Staff to be located at the new facility are: Public Services – 217, General Services – 22 for a total of 239.
Facility Capacity/Life/Growth profile
• The facility will be designed to house the 2021 staffing level space requirement with associated parking, vehicle needs, and equipment
• The facility site plan includes additional area for staff expansion and building expansion room with additional square footage to serve a City population of 110,000 (15 years)
• Future additional facilities could be at satellite locations or this location with reallocation of existing parking, storage or other areas.

Mr. Taggart provided an update on the proposed facility and next steps, including:
Latest Department Occupancy/Functional Benefits
Updated Site and Building Designs

Earl Swisher and Rodney Moss, of the Hunt Companies, Inc. provided a video of the 3D model flyover with an internal flythrough of the administration building along with images of the interior.

Proposed Sustainability Measures
HVAC with economizer and outside air demand control ventilation, Low flow plumbing fixtures, Four 30,000 gallon rainwater capture cisterns, Additional daylighting in the Utility Building and Warehouse, 500 KW rooftop solar panels on utility building (not included in current pricing) and solar panel design.

Environmental Savings Summary
Estimated Annual Environmental Savings Results:
580 Tons of Carbon Dioxide, 110 Cars Removed from Road, 59,920 Gallons of Gasoline, 13,520 Trees Planted, 50 Homes Powered, 11,790 Light Bulbs Powered

Upcoming Waiver Requests
Block length waiver to allow for security purposes, no roadway bisecting the property between Clovis Barker and FM110, Partial landscaping/tree requirement waiver, Parking count and parking island waiver, Perimeter fence
in front of utility building, Permit and Development Fees

Latest Project Cost Estimates
Total $44M which includes construction Cost* $34.5M, Design Cost $2.5M, Furniture Fixtures & Equipment Cost $2.0M, Fees/Soft Cost $3.6M, Financing Cost $1.4M. This does not include concrete for laydown yard alternate ($400K) and solar panels alternate ($750K).

Melissa Neel, Assistant Director of Finance, provided the presentation on financial capacity analysis, funding considerations and the procurement process. This included the shared costs between the General Fund, Electric Fund, Water/Wastewater Fund, and the Drainage Fund.

Paul Acevedo, with Jacobs Company, provided information on the procurement process and the project development timeline.

The council agreed to include concrete for the laydown yard alternate ($400K) and solar panels alternate (750K).
- City decided to procure project via Design-Build-Finance Method
- Project to be implemented in Two Phases to maximize flexibility
  - Phase 1: Validation of Scope, Schedule, Budget
  - Phase 2: Implementation of Final Design and Construction
- Currently working through Phase 1 with end goal of Guaranteed Maximum Purchase Price (GMPP) agreement
- GMPP proposal negotiations based on 100% Design Development documents due early April
- Final estimate due/ GMPP proposal negotiations to begin early May
- Contract award recommendation and final GMPP Proposal to be presented at a June Council Agenda
- Financial Close and Phase 2 to begin after Council approval

Staff recommends continuation of project as planned and will ask council to consider the exception requests and the guaranteed maximum price proposal agreement at a future meeting.

Rodney Moss Senior Vice President with Hunt responded the additional amount that will incur between now and June.
Council consensus is to include exemptions that were requested, solar panels and use concrete instead of gravel.

2. Receive a Staff presentation and hold discussion regarding motor-assisted scooters, and provide direction to the City Manager.
Bert Lumbreras, provided a brief introduction regarding motor-assisted scooters and regulations regarding their use in the City.

This is a follow-up to the January 7 discussion during the second reading of the Ordinance prohibiting the use of motor-assisted scooters on public property. The second reading was tabled that evening for further discussion.

Additional public safety statistics from San Antonio and Austin have been provided previously as well as a policy overview from the National League of Cities. This information shows that cities have approached the issue in many different ways.

However, the underlying reason for staff's recommendation to prohibit all scooters remains the same. The current state of our infrastructure, including the availability of sidewalks and bicycle lanes, is not adequate for individuals to safely use the devices.

This public safety concern also precludes differentiating how public scooters are handled compared to those privately owned.

With this item, staff is seeking direction on how Council would like to proceed. Mr. Lumbreras turned the presentation over to Lee Hitchcock, Director of General Services.

Mr. Hitchcock provided a brief history, best practices, public safety concerns, infrastructure limits, and capacity limitations.

Staff recommends the prohibition all motor-assisted scooters.

The Council consensus is to prohibit "for profit" scooters but allow personal use. Staff will make changes accordingly to the ordinance and place on a future agenda.

V. 30 Minute Citizen Comment Period

The following comments were submitted as written comments and read aloud during the citizen comment portion of the meeting:

Linda Alexander:

"I was born in Houston and have lived in several large cities and a few smaller ones, moved to San Marcos with one of the major local employers over 49 years ago. I've raised two children in San Marcos, graduated from SWTSU and am and always will be an active community volunteer and am a longtime supporter of the San Marcos police department and its dedicated police officers. I have followed the Cite & Release issue for the last several months and researched its use in several cities and states and believe San Marcos is not ready to adopt a C&R Ordinance yet. I do, however, as a result of my research, support further investigation into its purpose, implementation and consequences. I feel strongly that the City Council should be careful not to
impose a Cite & Release Ordinance on our police officers that will effectively take away their discretion to use other means of law enforcement if they feel C&R is not appropriate. Furthermore, I feel that if we mandate a C&R policy, we may be causing our citizens possible victimization or retaliation from criminals and criminal activity. For example, if we permit C&R in lieu of arrest for some thefts or illegal possession of stolen items or worthless checks under a specific value, how can the harmed citizen be made whole? We may be inadvertently creating situations for repeated criminal activity, perhaps involving the same citizens, if the offender feels there is no real consequence. Another result in a Cite & Release policy can be the high rate at which offenders fail to appear for their scheduled court date, which was as high as 40% in one Texas county between 2009 and 2012, compared to a 15.3% failure to appear rate for offenders during the same period who were booked and released (Plohetski, 2013). It appears that some of our City Council members appear to have personal agendas as to why they are anxious to vote for an Ordinance without more study and research into cities who have tried to implement C&R and are not happy with it or are choosing not to implement it. There is a very vocal organization named Mano Amiga who is pushing Cite & Release as an Ordinance, rather than even considering further study or research. It seems obvious, from my observations and their comments at community meetings I've attended, that they are primarily interested in students who are caught with illegal possession of illegal amounts of marijuana. My primary concern is that we should always show trust in our police officers to uphold the law and give them the authority to take whatever actions they deem necessary to protect and serve our law-abiding citizens. When we take that discretion away and mandate through an Ordinance that they must C&R low levels of criminal activity, we are effectively tying their hands and taking away their effective enforcement of the law. This has been shown in other cities who have experimented with Cite & Release and found it to be a mistake. If you vote to make this a City Ordinance, you will be ignoring the safety and protection of our citizens by potentially allowing offenders to become repeat offenders against law abiding citizens with only minor warnings. Example: Repeated theft of personal property to pay for illegal drug use. Another example brought up at a recent City Council meeting: Two offenders, one local citizen, another living in nearby jurisdiction that results in the local offender being Cited and Released while the other offender is handed over to nearby jurisdiction and arrested for the same offense. Depending on the ethnicity of the arrested offender, perceived discrimination can result. (Comments were limited to three minutes, time expired)
Crystal Benavides:
"Dear council members, my name is Crystal Benavides, I'm a San Marcos native, home owner, mother, community volunteer, tax payer, Notary Public, HOA board member & self-employed REALTOR. I've grown to love this town very much. I continue to stay here and encourage others to follow suit. I'm writing this comment to express my viewpoints on why I'm strongly AGAINST the Cite and Release Ordinance. I know many in favor of this ordinance solely focus on the marijuana aspect of this and say it’s a “Victimless Crime” But as the Secretary of Park North HOA and condo owner I am speaking out to say that we in fact have 62-unit owners that were affected and still deal with the stigma and fear it has caused our residential community.

We were burdened with two (2) murders here, in August 2018 and Feb. 2019, both were confirmed to be Marijuana related. We have spent a large portion of money to add an electric meter and cameras to help ease our members along with more fencing and implementing other security measures. This still can’t take away the fear that we live with every night since we heard that gun shot and sirens so close to home. Out of the last 17 murders in San Marcos 9 were marijuana related. Majority of marijuana comes from Mexico and includes drug cartels, human trafficking, and hostage situations. Victims are used to transport drugs as a payment for their way into the US. As leaders of our city please do not encourage this activity. We are going to drive that type of business to come here.

Marijuana possession between 2 - 4 ounces is in my opinion and the opinion of many law enforcement officers and members of the public more than personal consumption. Majority of this quantity of marijuana is for the sale and distribution for a profit. If any type of marijuana absolutely must be included in this cite and release program please limit it to under 2 ounces. The officers currently reported approximately 300 cases of diversion already implemented by destroying the marijuana on camera. This is a policy that they have in place to handle these types of cases. Please open your hearts and hear our concerns in regards to this issue.

The identification portion of the proposed ordinance is very troublesome. As a Notary Public, identification is a big portion of holding my oath to office. I have to be sure, without a reasonable doubt that the person signing before me is who they say they are. This is done to protect the public and to ensure fraud is not occurring. When I read the portion of allowing school IDs or other forms of picture IDs that are not government or state issued and do not contain an issue date and expiration date, and/or allowing utility bills, etc. as a means of identification, it makes me feel that you are now taking law into your own hands and superseding State Law which requires anyone over the age of 18 to have identification. This could also leave room for fake identifications to be created. There is no reason a person living, or going to school, in this city/county is not capable of..."
obtaining the proper documentation. Many of my clients that contact me for notarization or to purchase property are not legal citizens and are still able to get a government issued ID called a Matricula Consular. If they can do this then others that have the ability to get an Identification card here in the US should have no problem in obtaining one. The proposed cite and release ordinance does not include all of the other cities in the county. This agenda should be led by the County as a united front. It also would allow the County to be prepared and to discuss and implement a diversion program. At this point that has not been created and it seems you're putting the cart before the horse. The County is still in the discussion phase because it will take a complete overhaul to implement this program. They currently do not have the manpower to keep up with the additional citations, they are overloaded with their current workload as it is. Current workers will need to work overtime and/or need to hire more employees. (Comments were limited to three minutes, time expired)

Sylvia Sanchez:
"I write to you to voice concern about the decision council is making concerning cite and release in Ordinance 2020-18. The state authorized this type of release in 2007 to help with jail populations. Another important benefit is to allow those that allegedly commit a crime avoid the harshness of an arrest and conviction on their record when coupled with the county cite and divert program and other programs the county uses. Having said that I do not see any type of limit placed on how many times an eligible “resident” is allowed to commit a crime and avoid an arrest. A mistake and opportunity to rectify it once is understandable, more than once may be considered as akin to condoning the behavior. Furthermore, it may be assumed that the 40% who fail to respond to citation and fail to appear are not as concerned about rectifying their mistake. A warrant arises and that person is then arrested at some point. The current ordinance without a limit could result in an endless repetition of this cycle affording the benefit of no arrest to an eligible resident that continues criminal behavior. There must be a limit. A second concern is a comment made by the city attorney at the 10/15/19 city council meeting about a confidential memo sent to council concerning legal issues and unintended consequences. At a criminal justice committee meeting dated 7/16/19, there is an entry where the city attorney states that “current wording in the draft could have various unintended violations of state laws and open parties to possible civil suits.” Can the council assure San Marcos taxpayers and citizens that the proposed Ordinance 2020-18 will not open parties to civil lawsuits or result in violation of state laws? Lastly is the struggle I saw in the two public city council meetings (10/15/19 and 3/3/20) involving officers who realize loss of
discretion directed in this ordinance could lead to confusion and unintended consequences. The ordinance in Section 2 is comprised of 2 paragraphs. The two paragraphs contradict each other. In the paragraph at bottom of page 1 the ordinance gives officers the discretion that is authorized in state law. The next paragraph reduces that discretion to only 6 reasons for arrest. State law affords an officer discretion, not only for those items enumerated in Ordinance 2020-18. I do not believe an ordinance can reduce discretion authorized by state law. I thank council for their time and consideration."

Anna Carbajal:
"I am writing to OPPOSE this ordinance. I have been a resident of San Marcos for over 9 years. I was born and raised here. My family is very involved in our community. We have invested in this community. My family owns several buildings in the San Marcos community along with a historical residence. We are not strangers here. I have a family here. I want to keep that family safe. Council, we want San Marcos to be safe. Your ultimate duty is public safety. Failure to maintain order in our community will not yield safety in our public. I believe the Cite and Release Ordinance 2020-18 will give people MORE opportunity to commit crimes. While I do agree that some people may be a good candidate for just a citation, others ARE NOT. They continue to commit crimes because they do not care. They also realize that they will get off pretty easily if they continue to steal what is not theirs from others. I ask that you VOTE NO to the passage of this Cite and Release Ordinance 2020-18. Let the officers decide how they will handle these crimes as we have always allowed. As a community member, I WANT you to take care of my family. Passing this ordinance means that my family means nothing to you. If you are my elected official, do the right thing and vote NO to this ordinance. Victims and the San Marcos community deserve better! I want my two children who are born and raised in San Marcos and who attend the San Marcos ISD to feel safe and to know they will not fall victim to defendants who just don’t care.

Bryan Garcia, I have been a Democrat all my life. I have always believed in giving a hand UP but not a hand OUT. I believe the Cite and Release Ordinance 2020-18 is a hand OUT. This HAND OUT should not be given to people who REFUSE to follow the law. It is not hard to be a law-abiding citizen. I believe people who refuse to follow the law should be punished accordingly whether they have money or no money. I also support our local law enforcement. I believe they should have the ultimate discretion to decide how they want to handle the defendant. It is up to the courts to determine if they should provide the defendant with an option to get this off his or her record or not, if they are deserving of it. I think people need to work hard to
prove themselves. If they are just given this HAND OUT, there is no work on their part. They are not going to be held accountable. They are not going to show up to court. They will just keep committing crimes over and over because they know they will not suffer much of a consequence. I do not think that the council, as an elected body, should make law enforcement decisions. Those decisions should be left to the very people trained, hired, and prepared to do the law enforcement tasks. We all need to stay in our lanes. This lane, council, is not yours. You should continue to legislate and make the laws and ALLOW the officers to retain their discretion. Therefore, I oppose the cite and release ordinance. I do not agree that you should pass that ordinance. I would hope you would consider this response in your decision-making. You have all been elected by the people. To keep victims (law abiding citizens) whole, you should not pass this ordinance. Support your law enforcement."

Cristina Zamora:
"My husband, the late Aguinaldo Zamora, and I lived through the civil rights movement of the 60-90s in our efforts to desegregate the schools, create single-member districts and fight the discrimination of our time. My husband was viewed as a threat and a troublemaker by many in our community for many years. A decade later after the desegregation suit was won did many in the community begin to have respect for my husband and I for what we fought for in our community. The injustices we lived through and time has taught us that yes, the doors had to be opened for many in our community. We later saw that many walked through and achieved great things with the education THEY achieved. An open door was only but a step that led to success. Commitment and dedication, study, hard work and personal sacrifices, led many the rest of the way. So, we arrive at the Ordinance 2020-18. Yes, we wish to open the door as it should be. As we saw in the system of education not every child walked through the door. Some were unable and others unwilling to do what was necessary to get a degree, start a career and achieve their dream. That is the reality that time has allowed us to see. This ordinance is similar in that opportunities for correcting a mistake should apply to all those that are eligible. But consideration should be given to the reality that some will overcome with such an opportunity and for those the struggle is just and right. Others will choose the opposite. In reforming the system there must be a balance between public safety for all citizens, the rights of victims, and the role of law enforcement. Society expects that its citizens will follow the law and if they don't consequences will follow. In my view, this ordinance is more about achieving a guaranteed outcome which leads to avoidance of an arrest for those who choose to continually break laws. Is the guaranteed outcome meant to condition offenders to avoid consequences? If so, that type of system will
not work properly in protecting all interested parties. The successful system works when the desired affect occurs spontaneously and not because it is forced. The desired effect here is to give the opportunity for an offender to “fix” the mistake, learn from the mistake and not repeat the mistake. How do we enforce the consequences of repeating mistakes if not by limiting the application of cite to the first offense? I oppose Ordinance 2020-18."

Nina Stanfield:
"In response to the Cite and Release Ordinance with the first reading occurring on April, 7, 2020, I am writing to OPPOSE the passage of this ordinance. The ordinance WILL CAUSE the following problems:
1. IF RESTITUTION CAN BE RECOVERED AT ALL, restitution to victims is NOT immediate and it causes victims great inconvenience to try and recover it.
2. Repeat Offenders will ONLY be cited. There is no fear of arrest. They will continue to commit the crimes because there is little to no consequence.
3. FAILURE TO APPEAR rate on citation only offenses is 40%. Most Perpetrators DO NOT show up to respond to his/her citation.
4. 40% Failure to Appear Rate ENSURES 40% of the Victims will not be able to seek restitution until the offender is even located again (if at all).
5. When issuing Citation by ordinance, there is NO positive or certain identification on those defendants. No booking in jail, no photograph, and no fingerprints - Perpetrator can LIE about his/her identity.
6. LIMITS DISCRETION OF OFFICERS, which should NOT happen!

I ask that you VOTE NO to the passage of this Cite and Release Ordinance. No other city has done this, and there are clear reasons why. Trust your officers. Let them do the job that you are paying them to do. Keep our community safe and support your police officers. Those that do the crime MUST pay for their actions. PERPETRATORS must be held accountable. Agreeing to such an ordinance will greatly affect victims and will place perpetrators at an unfair advantage to continue to prey on the innocent."

Naomi Narvaiz:
"My hope is that each of you are doing well in spirit and health. I appreciate the work you are doing to keep our citizens informed. As you may know, my constant endeavor is to advocate for limited government in the lives of law-abiding citizens and safety for us and our posterity. For this reason, I find myself writing to you to address Agenda Item # 18 regarding Ordinance 2020-18 - increased use of cite and release. According to the MEMO sent to you by Chase Stapp, Public Safety Officer, detailing the results of a January
meeting that the committee on Criminal Justice held. According to that memo, 
#1, the CJC did not agree that an ordinance is the answer. #2, there was no 
unanimous consent regarding the violations or offenses that should be 
considered and with all honestly, they 'kicked the can' back to you. This is an 
indication that they do not want the responsibility to fall on them for any poor 
decision made that would hurt the community. #3, the committee did not 
support the language. Instead, it appears they support the officers using 
discretion. Reading that, I am taken back that Mano Amiga is mentioned in 
this memo. Mano Amiga's opinions or allegations should not be considered or 
supportive. This organization is anti-law and anti-police, spread 
 misinformation, advocate for the release of criminal aliens and now want to 
influence you to support handcuffing our officers to their agenda. They are NOT the face of our community and do not represent the majority of San 
Marcos citizens. I urge you to reject this ordinance and instead continue to 
work with our SMPD leadership and engage more community citizens to bring 
sensible recommendations that will protect our citizens and community. 
Offenses classified as A, B, or C misdemeanors are committed by individuals 
who go on to committing more serious crimes. The victims must not be 
forgotten.  Law abiding citizens should not have to worry about being around 
individuals who cause them bodily harm, having their valuables stolen, 
criminal trespass, harassment, indecent exposure and the many other crimes 
that end up costly individuals mental, physical, and property harm. Please 
remember that this would affect each of you and your loved ones as well. You 
were elected to be leaders and make the right decisions for our community. 
Reject Agenda Item 18 and support our San Marcos Police Officers and 
keeping them safe in all regards as well."

Rolf Straubhaar:
"I know that tonight's meeting, you will be taking the first of two votes on the 
proposed cite and release ordinance. I want to voice my enthusiastic support 
for this ordinance, one that can reduce unnecessary incarcerations of low-level 
ofenses that inordinately affect our fellow citizens of color, disrupting their 
lives, potentially affecting their employment, and creating unnecessary trauma 
for both those arrested and their friends and families. I also want to thank 
council members Mark Rockeymoore, Maxfield Baker, Melissa Derrick and 
Joca Marquez for the support you showed for the ordinance last month, and I 
hope that support continues tonight. I would invite Mayor Jane Hughson, 
alongside council members Ed Mihalkanin and Saul Gonzales, to join your 
colleagues in support for the ordinance. Thank you for your service, and for 
your time in listening to this message."
Jay Stiles:
"The current health crisis is devastating by itself but it has also engendered a financial crisis that will seriously damage our communities. It is important that we deal with these circumstances vigorously and in consideration of the monetary impact to us all. San Marcos gets a large portion of its revenues from Sales Tax Rebates, Hotel Occupancy Taxes and Property Taxes. Sales tax inflows will be very significantly reduced with the Outlet Malls and many other businesses closed or seriously curtailed. This and a large reduction in Hotel Occupancy tax inflows will make a large shortfall of revenue a certainty. Does our city have contingency plans to deal with this? And if not is the City now preparing contingency plans based on our current conditions, and further plans that can be triggered if the crisis deepens more? It would be comforting to hear what plans there are for cutting expenses, even if it means a reduction of services, delaying projects or even cancelling them. The city made a difficult but good decision to put on hold a salary increase for city workers, but I am dismayed that the city has announced it will go to the credit markets to borrow more than 50 million dollars if the Council votes to move forward at a meeting scheduled for June 5th. The debt proposal announcement included: “The City presently proposes to provide for the payment of the certificates of obligation by the levy of ad valorem taxes, within the limits prescribed by law…The following information is required … to be provided by the City (excludes $215,180,000 in principal amount of outstanding debt obligations that the City has designated as self-supporting and which the City reasonably expects to pay from revenues sources other than ad valorem taxes; provided, however, that in the event that such self-supporting revenue sources are insufficient to pay debt service, the City is obligated to levy ad valorem taxes to pay such debt obligations. We are facing drastically reduced revenue which could potentially affect our ability to service our debt. This in turn may require raising our ad valorem (property) taxes. And we are now aiming to add to our debt…again based on raising our property taxes to pay for it! But our property taxes are already very high and valuations are likely to fall due to this crisis. Any additional debt is ill advised at this time and needs to be carefully scrutinized with the aim to hold the total amount to a bare minimum. San Marcos must “live within its means”. Thank you."

Lisa Marie Coppoletta:
"Your agenda should be only focusing on a global pandemic. Since you placed cite and release on the agenda, here goes. For several months cite and release has been a hot topic with racial discrimination as the focal point. And, I've been up here talking about the sidewalk and abuse of power. Cite and release will not be effective unless we take an examination of Bert, who often thinks..."
he's the emperor of San Marcos versus the City Manager. I think it's time to
tell my story. Of all the public speakers on this issue over past several months,
have you ever heard of the city manager posting a police officer in front
someone’s house for 3 days in a row all day, for hours a day, and harass any
person who tries to take a photo of your yard being butchered after a secret
meeting Bert had with some neighbors on my block, breaking his promise for
neighborhood meetings. Wasting taxpayer time and intimidating land owners
and residents. Have you had the city repeatedly trespass knocking on your
door to sign documents that only the land owner is authorized to sign? And
refusing to cease and desist after months of requests to refrain from trespassing
on my front porch banging on my front door. Or, have you been the target of
your neighbors, filing false reports against you, when video footage from three
cameras verifies who was really trespassing and attempting to resort to physical
violence. Officers can make discretion in the field, its Bert's abuse of authority
I'm concerned with cite and release does not come to terms with the fact that
following bad orders is not a great position to place our law enforcement
personnel. My other concern is that the way that the situation was conducted
on St Patrick's day how police were used by the city manager against small
businesses downtown. Why did the city not go thru the Chamber of
Commerce? Why were small businesses downtown targeted first versus those
on IH35? Sending a memo out at 6:02 PM regarding a 5:00PM order is not in
good form when it's enforced with the San Marcos Police Department. Let's
work together as a community. Not pitting law enforcement against people
trying to live peacefully in their homes or run a small business downtown.
Thank you for your time and God Bless San Marcos."

Sara Lee Underwood-Myers:
Who protects protecting us from the drug users and drug dealers in San
Marcos? Vote NO ON THIS AGENDA ITEM TODAY. DO not GIVE ANY
excuses for users and dealers to NOT GO TO JAIL! DARE to stand up and
make the difference in our neighborhoods!"

Dana McAuliffe:
"I would like to speak for people who are having trouble paying rent due to
being laid off and having trouble accessing the unemployment website or
telephone. I know a person who was laid off from a local restaurant who can’t
get through to claim unemployment, and who also will probably have to wait a
long time for the stimulus check since she does not have a bank account and
will have to wait for a check. Her apartment is telling her if she doesn’t pay
$400.00 right now (which she does not have) she will have to pay late fees. It
would be very helpful if the apartments do not take action for a set period of
Salana Henderson:
"I am writing to speak against the proposed cite and release ordinance. As a citizen of San Marcos and a mother of three teen-aged children, my concerns are genuine, and I hope that my expressing them does not adversely impact their validity. While no other city in Texas has passed cite and release as an ordinance, other cities in other states have, and we should take heed of the unintended consequences. In Los Angeles, San Francisco, Seattle, and other cities with cite and release ordinances, the leniency on low level crimes has crippled the ability of law enforcement to do anything about those crimes. Businesses struggle, crime increases, and the most vulnerable individuals are preyed upon. SMPD will tell you that we already have a problem with organized crime from other cities taking advantage of our location on the IH 35 corridor and our large population of inexperienced students. In Los Angeles, out of state organized crime rings are paying people, LA residents, to shoplift up to the cite and release eligible amount. They then take the goods out of state and sell them. How much of the city's income comes from sales taxes collected by the outlet malls located on IH 35? When it's cheaper for them to close than to continue to get ripped off, how will the city recoup the loss of that revenue? The passing of this ordinance will negatively affect every business owner in the city, not just retail establishments. It is a class C misdemeanor for an underage person to be in a bar. However, the ordinance states that a rent or utility bill may be used for personal identification (Section 2.2). Who will TABC hold responsible when SMPD can't remove the under-aged person from the bar? Moreover, is this time of economic uncertainty the time to pass an ordinance certain to burden the business community? If this ordinance passes, individual citizens will be just as effected as businesses, and it is the most vulnerable in the community who will suffer most. Desperate people will be most enticed to participate in cite and release eligible offenses for a quick pay day from organized crime. Proponents of the ordinance contend that those cited and released will still be held accountable for their crimes in court, so what will happen to those with numerous citations who can't afford to pay restitution? What could have been a night in jail and a hard lesson learned will lead instead to more injurious long-term consequences. I am not a callous person. I understand the havoc one night in jail can wreak on a person's life and am not trying to discredit or make light of anyone's experiences. My brother has been in jail for the past several weeks for offenses that would be eligible for cite and release under the ordinance. Although his crimes were “victimless,” had he been released, he would still be exploiting my mother, a retired school teacher and widow on a very fixed time, defined by City Council. Thank you."

City Council Meeting Minutes

Income. Suffice it to say, I am very familiar with the behavior of addicts. If they get a citation for stealing one person's lawn mower, they will just go on to the next. Nor do they steal from places they are likely to get caught, rather than from those who are least likely to take recourse against them. How will this ordinance affect those in our community who would rather not call the cops when they are the victims? Where is the empathy for them? Supporters of this ordinance argue that the purpose of this ordinance is to prevent people from becoming victims of the justice system. But who's looking out for the victims of these “low level” offenses. Voyeurism is a class C misdemeanor. When a woman catches a “peeping Tom” watching her undress through her bedroom window, how is she supposed to feel safe, knowing the perpetrator may come back for something much more egregious? The word “only” in Section 2 of the ordinance completely strips officers of their discretion, as they may only make an arrest when the narrow set of qualifying circumstances are met. (Comments were limited to three minutes, time expired)

Faylita Hicks:
"The city of San Marcos has a chance to protect the constitutional rights of its community members by ensuring they will not be unduly arrested and punished with imprisonment, before a court's official ruling, by enacting the cite and release ordinance. The list of citation-eligible offenses was approved at the state level 10 years ago. There has been more than enough time for the San Marcos Police Department to make the much-needed changes to lower the number of people being arrested for these offenses. The continued arrests for these citation-eligible offenses have contributed, in part, to the historic overcrowding of our county jail. This is why we must mandate their uniform use of cite and release today. "More than half of the Texas Criminal Justice Coalition's survey respondents reported an annual income of less than $10,000 before being arrested, and 4 in 5 reported an income of less than $30,000. Unnecessary jail stays exacerbate individuals' financial struggles, driving women deeper into poverty." This stat was one of several in Texas Appleseed's April 2019 report, How Texas Counties Could Save Millions of Dollars by Safely Diverting People From Jail. The report notes just how financially devastating unnecessary jail time can be for the individual, the city, and the county. A police officer's job is not to determine the guilt of an individual. It is not the city council's job to determine the guilt of an individual. Only the judge can decide who is guilty. The opponents of the ordinance are more concerned with immediate punishment--through the arrest of someone who has been accused but NOT yet found guilty by a judge--than they are about our constitutional right to be treated as innocent until proven guilty. Even the
argument that has been brought forth by opponents to the ordinance, concerning restitution, is disturbing. Restitution is not something the city council, or even the police, can legally address. The only one who can legally address it is a judge—and every person who is cited WILL have to appear before one. Arresting someone, who may be forced to stay in jail due to an inability to pay bail, is prematurely doling out punishment to someone who has been accused, but may not be guilty. It can lead to the illegal detention of indigent people, resulting in a debtor's prison, according to our Texas Constitution. An officer should be guided on how to avoid any possibility of these illegal detentions. According to the same 2019 report, failure to appear often happens because people do not have transportation or people are not provided with clear instructions on when and where to report. When people are provided with clear and simple instructions, and texted before their appearance date, you can improve court appearances by up to 23% according to the report. But again—court appearance concerns are not for the city council or the police to make a judgment on. It is the judge and the local court's job to improve communications with defendants and decide on adequate punishment, not the community, and not the officers. I ask that the city council protect the constitutional rights of their community members by ensuring they will not be unduly arrested and punished with imprisonment by enacting the cite and release ordinance today."

Background Information:
The San Marcos City Council empaneled a Criminal Justice Reform subcommittee to study local criminal justice reform efforts in parallel with the work being done at the county level. The committee originally consisted of Council Member Mark Rockeymoore (chair), Council Member Lisa Prewitt, and Council Member Dr. Ed Mihalkanin. The committee began meeting monthly in July, 2019. The committee has been working on a draft ordinance that pertains to the use of Cite and Release by sworn law enforcement officers employed by the City. In their regular meeting held on October 3, 2019, the committee developed language for this draft ordinance and presented that language to the Council on October 15, 2019. During that meeting, discussion by the members of Council in conjunction with questions and answers to and from members of staff and the community prompted the Council to send the item back to the committee for further development.

On November 7, 2019, the Criminal Justice Reform (CJR) committee met again and discussed a third version of the ordinance developed by committee members and constituents associated with Mano Amiga. There were substantive changes in this draft that had previously been removed, and there was a lack of consensus on a few of the points. Additionally, a red-lined copy of the ordinance in relation to the prior version was not available. A representative from Mano Amiga volunteered to create the red-lined draft and send that to the committee members and staff representatives. Approximately one week later, staff received a red-lined document for review. That document contained additional wording not previously discussed in any of the meetings, so it became clear that another meeting would need to be held to further discuss what a final draft might look like. The committee did not meet over the Christmas and New Year’s holiday time period and reconvened on January 28, 2020. One committee member was new since the November 7, 2019 meeting. Council Member Dr. Marquez replaced outgoing Council Member Lisa Prewitt.

A discussion item about the draft ordinance language was presented to Council during their regular meeting on March 3, 2020. There was consensus among the Council after discussion to bring the item back after Spring Break as an ordinance for consideration. The ordinance language attached to this item is ready for
Council consideration. All of the attachments available during the March 3 discussion remain available for Council’s review.

**Council Committee, Board/Commission Action:**
The Criminal Justice Reform committee met multiple times with staff representatives and prepared the attached ordinance language.

**Alternatives:**
After consideration, the Council may elect to adopt the ordinance language as-is, amend the ordinance, or reject the ordinance entirely.

**Recommendation:**
When this item was discussed on March 3, 2020 the staff recommendation was to adopt a resolution in support of many of the tenants found in the ordinance language. Staff still believes this to be the best approach but stands ready to implement Council’s direction regardless of whether that be in the form of an ordinance or resolution.
ORDINANCE NO. 2020-____

AN ORDINANCE SUPPORTING THE SAN MARCOS POLICE DEPARTMENT’S INCREASED USE OF THE CITE AND RELEASE PROCESS, WHEN APPROPRIATE, INSTEAD OF ARRESTING INDIVIDUALS SUSPECTED OF HAVING COMMITTED CERTAIN MISDEMEANOR OFFENSES; REQUIRING RECORD KEEPING AND REPORTING OF USE OF THE CITE AND RELEASE PROCESS AND INSTANCES IN WHICH INDIVIDUALS HAVE BEEN ARRESTED FOR CITE AND RELEASE ELIGIBLE OFFENSES; AND PROVIDING AN EFFECTIVE DATE

RECITALS:

1. State law allows use of citation in lieu of arrest for certain misdemeanor offenses.

2. In 2018, the San Marcos Police Department (SMPD) made arrests for citation-eligible offenses, which translates to lost hours of officer time.

3. Data provided by SMPD shows that in 2018, misdemeanor possession of marijuana under 2 oz and driving while license invalid accounted for more than half of arrests for citation-eligible offenses.

4. The City Council acknowledges that our Peace Officers are allowed to exercise their discretion to issue a citation in lieu of arresting individuals for certain offenses when authorized by State law under article 14.08 of the Texas Code of Criminal Procedure.

5. The City Council supports SMPD’s commitment to increase the use of the cite and release process as part of a combined strategy, in cooperation with the Hays County Criminal District Attorney’s Office, to divert eligible individuals from being incarcerated, prosecuted, and convicted in the criminal justice system.

6. The City Council deems it necessary to have SMPD gather, report, and publish statistical information to demonstrate trends in the department’s use of the cite and release process, including the frequency of use, offense type, justification for arrest (when an arrest is made), and the age, race, and ethnicity of individuals who were arrested and jailed instead of receiving citations and being released for the same offense.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN
MARCOS:

SECTION 1. The City Council supports the SMPD’s increased use of the cite and release process, rather than arrest, in appropriate circumstances, for individuals suspected of committing the following offenses, in accordance with article 14.06 of the Texas Code of Criminal Procedure:

The City Council further recognizes that the use of the cite and release process may not be appropriate in all instances, and that SMPD officers may find it necessary to arrest a person suspected of having committed any of the above-listed offenses only if any of the following circumstances are present:

1. The subject does not provide satisfactory evidence of personal identification to allow for citation.
2. The subject is not a resident of the county in which the offense was allegedly committed. For the purposes of this Section, an individual who lives, works, or goes to school in the county where the offense was allegedly committed will be deemed to be a resident of Hays County. In determining whether the subject is able to provide satisfactory evidence of personal identification, it shall be acknowledged that not all persons are able to produce a government-issued ID. Therefore, although a government-issued ID is preferred, the City shall accept other forms of identification, regardless of expiration date, including but not limited to: any state or federally-issued ID, utility or rent bill, student ID, or other forms of identification that include an individual’s name and address, as well as photos of the aforementioned forms of identification.
3. There is reason to believe The arresting officer believes that the safety of persons (including the subject) would be imminently endangered by
the release of the subject. In making this assessment, it shall be considered whether the subject has the physical or mental capacity to endanger the safety of themselves or the public, whether the subject is unlawfully carrying a weapon, and/or if the subject has made immediate threats against other individuals in the area. In cases in which the subject appears to suffer from mental illness and/or addiction, a referral to appropriate medical and/or psychiatric services in lieu of arrest shall be considered in accordance with SMPD policy.

4. The subject demands to be taken before a magistrate.
5. The subject has an outstanding arrest warrant from a criminal law enforcement agency.
6. The subject is also suspected of having committed an offense for which the cite and release process is not allowed by state law.

SECTION 3. In any case where an arrest is made for the above-listed offenses, the specific reasons for making the arrest instead of issuing a citation shall be included in the incident report. No arresting officer described in this section shall be charged with any criminal offense for non-compliance with this ordinance.

SECTION 4. The City Manager shall provide and make available to the public a quarterly report or memorandum concerning the use of the cite and release process in lieu of arrest in instances when a ticket or citation is allowed by state law. This report or memorandum shall be provided to the City Council and made public on a quarterly basis and should document anonymized records of every instance that a resident was issued a citation in lieu of arrest and every instance that a resident was arrested for a nonviolent misdemeanor charge when the suspect had no outstanding warrants, was not intoxicated and legally could have been given a citation, but an arrest was made anyway, and shall include the justifications for the arrests. The memorandum shall also include the following data for each instance:

1. The reason for the stop;
2. The particular offense alleged;
3. The age, race, and ethnicity of the person arrested;
4. The location where the incident occurred.
5. The reason for the arrest.

Information regarding specific arrests shall be organized according to race and ethnicity in order to allow racial disparities to be easily analyzed. This report or memorandum should not include information that would jeopardize any ongoing criminal investigation or prosecution, and the report should include the number of unduplicated officers making such discretionary arrests.
SECTION 5. The City Council directs the City Manager to work with the San Marcos Police Chief and other relevant stakeholders mentioned below to update all relevant City policies and internal operating procedures in accordance with this Ordinance. Actions that may be necessary include, but are not limited to: updating the San Marcos Police Department General Manual, updating the training bulletin and training officers on the new guidelines for citation versus arrest, and updating the internal databases and systems to remove any guidelines under the manual that are no longer in effect due to this Ordinance.

The City Council directs the City Manager to arrange regular meetings of the Police Chief’s Advisory Panel, other interested stakeholders and community organizations, individuals directly impacted by the policing and arrests of immigrant communities and communities of color, and any representatives that may be designated by the Hays County District Attorney’s Office in the development of policies, procedures, and practices related to this Ordinance. These meetings shall be open to public participation by including a citizen comment agenda item.

SECTION 6. A progress update shall be provided to City Council within three months after adoption of this ordinance. A written update shall be provided to the City Council within six months after the adoption of this ordinance which includes information regarding all updates to policies, procedures, and practices identified and implemented, as a result of this ordinance.

SECTION 3. In any case where an arrest is made for the above-listed offenses, the specific reasons for making the arrest instead of issuing a citation shall be included in the incident report. No arresting officer described in this section shall be charged with any criminal offense for non-compliance with this ordinance.

SECTION 4. The City Manager shall provide and make available to the public a quarterly report or memorandum concerning the use of the cite and release process in lieu of arrest in instances when a ticket or citation is allowed by state law. This report or memorandum shall be provided to the City Council and made public on a quarterly basis and should document anonymized records of every instance that a resident was issued a citation in lieu of arrest and every instance that a resident was arrested for a nonviolent misdemeanor charge when the suspect had no outstanding warrants, was not intoxicated and legally could have been given a citation, but an arrest was made anyway, and shall include the justifications for the arrests. The memorandum shall also include the following data for each instance:

1. The reason for the stop;
2. The particular offense alleged;
3. The age, race, and ethnicity of the person arrested;
4. The location where the incident occurred.
5. The reason for the arrest.

Information regarding specific arrests shall be organized according to race and ethnicity in order to allow racial disparities to be easily analyzed. This report or memorandum should not include information that would jeopardize any ongoing criminal investigation or prosecution, and the report should include the number of unduplicated officers making such discretionary arrests.
SECTION 5. The City Council directs the City Manager to work with the San Marcos Police Chief and other relevant stakeholders mentioned below to update all relevant City policies and internal operating procedures in accordance with this Ordinance. Actions that may be necessary include, but are not limited to: updating the San Marcos Police Department General Manual, updating the training bulletin and training officers on the new guidelines for citation versus arrest, and updating the internal databases and systems to remove any guidelines under the manual that are no longer in effect due to this Ordinance.

The City Council directs the City Manager to arrange regular meetings of the Police Chief’s Advisory Panel, other interested stakeholders and community organizations, individuals directly impacted by the policing and arrests of immigrant communities and communities of color, and any representatives that may be designated by the Hays County District Attorney’s Office in the development of policies, procedures, and practices related to this Ordinance. These meetings shall be open to public participation.

SECTION 6. A progress update shall be provided to City Council within three months after adoption of this ordinance. A written update shall be provided to the City Council within six months after the adoption of this ordinance which includes information regarding all updates to policies, procedures, and practices identified and implemented, as a result of this ordinance.

RE: Article 14.06 – Texas Code of Criminal Procedure (Cite and Release)

At the core of the discussion about local criminal justice reform is the topic of the use of cite and release in lieu of custody arrest for certain Class A, Class B, and Class C misdemeanor offenses. For reference, copied below is the section of the Texas Code of Criminal Procedure that allows for the use of citation in lieu of custody arrest in certain instances.

Art. 14.06. MUST TAKE OFFENDER BEFORE MAGISTRATE. (a) Except as otherwise provided by this article, in each case enumerated in this Code, the person making the arrest or the person having custody of the person arrested shall take the person arrested or have him taken without unnecessary delay, but not later than 48 hours after the person is arrested, before the magistrate who may have ordered the arrest, before some magistrate of the county where the arrest was made without an order, or, to provide more expeditiously to the person arrested the warnings described by Article 15.17 of this Code, before a magistrate in any other county of this state. The magistrate shall immediately perform the duties described in Article 15.17 of this Code.

(b) A peace officer who is charging a person, including a child, with committing an offense that is a Class C misdemeanor, other than an offense under Section 49.02, Penal Code, may, instead of taking the person before a magistrate, issue a citation to the person that contains:

(1) written notice of the time and place the person must appear before a magistrate;
(2) the name and address of the person charged;
(3) the offense charged;
(4) information regarding the alternatives to the full payment of any fine or costs assessed against the person, if the person is convicted of the offense and is unable to pay that amount; and
(5) the following admonishment, in boldfaced or underlined type or in capital letters:

"If you are convicted of a misdemeanor offense involving violence where you are or were a spouse, intimate partner, parent, or guardian of the victim or are or were involved in another, similar relationship with the victim, it may be unlawful for you to possess or purchase a firearm, including a handgun or long gun, or ammunition, pursuant to federal law under 18 U.S.C. Section 922(g)(9) or Section 46.04(b), Texas Penal Code. If you have any questions whether these laws make it illegal for you to possess or purchase a firearm, you should consult an attorney."

(c) If the person resides in the county where the offense occurred, a peace officer who is charging a person with committing an offense that is a Class A or B misdemeanor may, instead of taking the person before a magistrate, issue a citation to the person that contains written notice of the time and place the person must appear before a magistrate of this state as described by Subsection (a), the name and address of the person charged, and the offense charged.

(d) Subsection (c) applies only to a person charged with committing an offense under:

1. Section 481.121, Health and Safety Code, if the offense is punishable under Subsection (b)(1) or (2) of that section;
2. Section 481.1161, Health and Safety Code, if the offense is punishable under Subsection (b)(1) or (2) of that section;
3. Section 28.03, Penal Code, if the offense is punishable under Subsection (b)(2) of that section;
4. Section 28.08, Penal Code, if the offense is punishable under Subsection (b)(2) or (3) of that section;
5. Section 31.03, Penal Code, if the offense is punishable under Subsection (e)(2)(A) of that section;
6. Section 31.04, Penal Code, if the offense is punishable under Subsection (e)(2) of that section;
7. Section 38.114, Penal Code, if the offense is punishable as a Class B misdemeanor; or
The Criminal Justice Reform (CJR) Council Committee met on January 28, 2020 to revisit draft legislation language surrounding the use of Cite and Release processes by members of the San Marcos Police Department. Previously on October 15, 2019, Council discussed a prior draft version of ordinance language but directed that it be discussed and developed further by CJR committee. After discussion by the committee on January 28, the members of the committee provided direction that a discussion item be brought before Council on March 3, 2020. The purpose of this memo is to summarize three main decision points that the CJR committee respectfully requests Council direction on.

**Resolution or Ordinance?**

The first of these decision points is whether Council as a whole intends to move this legislation forward as a resolution or as an ordinance. Staff believes that there are certain advantages to advancing this item forward as a resolution. Members of Mano Amiga, a local civil rights advocacy group that has been active in these discussions, feel strongly that an ordinance is the most appropriate method for Council to act on this topic. The members of the CJR committee were not in complete agreement in their thinking about this decision point. The optics of the message sent by Council to the members of the Police Department and the community is the key difference between the two options. A resolution is generally viewed as a message sent by Council in support of a particular program or process. A resolution in this instance could serve to communicate to staff the Council’s support of an expanded Cite and Release program to include increased data analysis and community involvement. On the other hand, an ordinance will be interpreted by staff, as it should be, as a Council mandate directing staff to take certain action relative to Cite and Release. One risk associated with this approach is that the crafting of an ordinance could unintentionally send the message that Council does not acknowledge or appreciate the extensive work already done by leadership and line level staff at the Police Department to improve the department’s use of Cite and Release and the level of data transparency related to the program. The draft language being reviewed and discussed by Council at this meeting could ultimately be written in the form of either a resolution or an ordinance.

**Violations to Include in Statement of Support:**

The second decision point that the CJR committee asks for direction on relates to the wording contained within Section 1 of the draft legislation. The purpose of this section is for Council to make a statement in support of the use of Cite and Release for certain types of offenses. State law limits the use of Cite and Release to eight enumerated class A and B misdemeanors in addition to almost all Class C misdemeanors. The CJR committee agreed that two of those offenses should not be listed in Section 1 as offenses about which Council expressed support for the use of Cite and Release. Those
two offenses are Possession of a Controlled Substance in Penalty Group 2A (commonly referred to as synthetic marihuana compounds) and Possession of Contraband in a Correctional Facility. The remaining list of offenses that appear in Section 1 were not unanimously supported by members of the CJR committee, but the members were unanimous in that this area should be discussed by the full Council. These offense types are highlighted in yellow in section 1 of the attached draft language. The question at hand involves whether or not Council desires to express support for the use of Cite and Release for the crimes that involve the deprivation of a victim’s personal property by either theft or destruction. It was discussed that victims of property crime often have a guttural reaction to being victimized in this way, and Council may or may not want to include these offenses in the list of offenses for which they support the use of Cite and Release. The other point of view is that all of these offenses should be listed so that the wording in the legislation most closely mirrors what is allowed by state law. Regardless of the direction the Council chooses to take, members of the Police Department will be allowed by policy and state law to exercise their discretion and consider using Cite and Release for all of the eligible offenses.

Wording to Limit Discretion:

The third and final decision point is found in Section 2 of the draft language and surrounds whether or not to include the word “only” in a sentence that introduces a list of possible exceptions to the use of Cite and Release. The CJR committee again were not unanimously in agreement about the inclusion of this word. Staff believes that the wording severely restricts an officer’s use of discretion about when it is or is not appropriate to use Cite and Release. Specifically, staff feels that the list of possible exceptions, though fairly exhaustive, should not be viewed as the only things that may preclude the use of Cite and Release. Our police officers deal with an extremely wide array of circumstances in their daily work, and staff believes that limiting their discretion with this wording does not allow for the flexibility needed to make sound arrest decision that best serve our goal of enhancing public safety in San Marcos. On the other hand, proponents of the language highlighted in yellow argue that it serves to provide needed direction on the limited use of discretion by officers. As with the other two decision points, the members of the CJR committee respectfully request that Council discuss and provide direction.

After Council discussion and direction, staff is prepared to bring back an action item in line with Council recommendations at the next meeting.

Re: 2018 and 2019 SMPD Cite and Release Data - Summary

Attached to the agenda item for the March 3 regular Council meeting pertaining to Cite and Release are four spreadsheets that provided detailed information about the use of Cite and Release by sworn members of the San Marcos Police Department in 2018 and 2019. This data was compiled and prepared by Assistant Chief Brandon Winkenwerder for your information and involved an exhaustive and labor-intensive process. The purpose of this memo is to provide some explanation of the data to make it easier to process.

You will see two spreadsheets related to the 2018 data and two related to the 2019 data. The first spreadsheet for each year is the breakdown of data by offense type, race, gender, and citation eligibility. The second spreadsheet for each year is a summary breakdown of the most common reasons a person was deemed to be ineligible for Cite and Release in accordance with state law. In this memo I will provide background explanation about these documents in that respective order.

Cite and Release Data Spreadsheets:

When reviewing the first spreadsheet for each year, please first take your attention to column O (Total) and then to columns B (Not Eligible), F (Eligible) and J (Cite.). Also of note is Column A which lists the various types of offenses eligible for the use of Cite and Release according to state law. Aggregate data with all offense types is found near the top of the spreadsheet. Column O shows the total number of instances whether that be aggregate or by offense type. Column B shows the number of people by various categories who were deemed ineligible for the use of Cite and Release for various reasons. Column F reflects the number of people who were found to be eligible but were arrested rather than being release with a citation. Column J reflects the number of people who were released using a field release citation. Near the top right corner of the spreadsheet you will see summary data of the number of people who were released using a field citation sorted by race/ethnicity and gender. The total number of eligible individuals and circumstances is reached by adding the number of people who were eligible but did not receive a citation (column F) and the number of people who were released with the use of a citation (column J.)

Cite and Release Ineligibility Summary Spreadsheets:

In his analysis of the reasons why people were not eligible for Cite and Release, Chief Winkenwerder noted five primary reasons that contributed to a person being ineligible. Those were residency (not a resident of Hays County), additional charges (the arrested person faced additional charges not eligible for cite and release), a combination of residency and additional charges, the existence of an arrest warrant for the offender, and the offender was referred to mental health services. This spreadsheet provides aggregate data near the top and below that details each of these criteria for the various cite
and release eligible offenses. The data can be found in columns C (residency), E (charges), G (combination of residence and charges), I (outstanding arrest warrant), and K (mental health referral.)

The following abbreviations are used in both spreadsheets:

POM = Possession of Marihuana
MA/MB = Misdemeanors of either class A or B
POCS = Possession of controlled substance
2A = Penalty group 2A
CM = Criminal Mischief
DWLI = Driving while license invalid

An Ordinance Regarding Arrests and Citations

RECITALS:

1. State law allows use of citation in lieu of arrest for certain misdemeanor offenses.

2. In 2018, the San Marcos Police Department (SMPD) made arrests for citation-eligible offenses, which translates to lost hours of officer time.

3. Data provided by SMPD shows that in 2018, misdemeanor possession of marijuana under 2 oz and driving while license invalid accounted for more than half of arrests for citation-eligible offenses.

4. The City Council acknowledges that our Peace Officers are allowed to exercise their discretion to issue a citation in lieu of arresting individuals for certain offenses when authorized by State law under article 14.08 of the Texas Code of Criminal Procedure.

5. The City Council supports SMPD’s commitment to increase the use of the cite and release process as part of a combined strategy, in cooperation with the Hays County Criminal District Attorney’s Office, to divert eligible individuals from being incarcerated, prosecuted, and convicted in the criminal justice system.

6. The City Council deems it necessary to have SMPD gather, report, and publish statistical information to demonstrate trends in the department’s use of the cite and release process, including the frequency of use, offense type, justification for arrest (when an arrest is made), and the age, race, and ethnicity of individuals who were arrested and jailed instead of receiving citations and being released for the same offense.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN MARCOS:

Section 1.

The City Council supports the SMPD’s increased use of the cite and release process, rather than arrest, in appropriate circumstances, for individuals suspected of committing the following offenses, in accordance with article 14.06 of the Texas Code of Criminal Procedure:

1. Class C misdemeanors other than public intoxication, assault, or family violence.
2. Possession of Marijuana less than 4 oz, Class A or Class B misdemeanor
3. Driving while License Invalid, Class B misdemeanor
4. Criminal Mischief, Class B misdemeanor
5. Graffiti, Class A or Class B misdemeanor
6. Theft of Property, Class B misdemeanor
7. Theft of Services, Class B misdemeanor

Section 2.

The City Council recognizes that use of the cite and release process may not be appropriate in all circumstances and that SMPD officers may exercise their discretion to issue a written or verbal warning in lieu of issuing a citation or making an arrest for a person suspected of committing any offense listed in Section 1.
The City Council further recognizes that the use of the cite and release process may not be appropriate in all instances, and that SMPD officers may find it necessary to arrest a person suspected of having committed any of the above-listed offenses only if any of the following circumstances are present:

1. The subject does not provide satisfactory evidence of personal identification to allow for citation.
2. The subject is not a resident of the county in which the offense was allegedly committed. For the purposes of this Section, an individual who lives, works, or goes to school in the county where the offense was allegedly committed will be deemed to be a resident of Hays County. In determining whether the subject is able to provide satisfactory evidence of personal identification, it shall be acknowledged that not all persons are able to produce a government-issued ID. Therefore, although a government-issued ID is preferred, the City shall accept other forms of identification, regardless of expiration date, including but not limited to: any state or federally-issued ID, utility or rent bill, student ID, or other forms of identification that include an individual’s name and address, as well as photos of the aforementioned forms of identification.
3. There is reason to believe that the safety of persons (including the subject) would be imminently endangered by the release of the subject. In making this assessment, it shall be considered whether the subject has the physical or mental capacity to endanger the safety of themselves or the public, whether the subject is unlawfully carrying a weapon, and/or if the subject has made immediate threats against other individuals in the area. In cases in which the subject appears to suffer from mental illness and/or addiction, a referral to appropriate medical and/or psychiatric services in lieu of arrest shall be considered in accordance with SMPD policy.
4. The subject demands to be taken before a magistrate.
5. The subject has an outstanding arrest warrant from a criminal law enforcement agency.
6. The subject is also suspected of having committed an offense for which the cite and release process is not allowed by state law.

Section 3.

In any case where an arrest is made for the above-listed offenses, the specific reasons for making the arrest instead of issuing a citation shall be included in the incident report. No arresting officer described in this section shall be charged with any criminal offense for non-compliance with this ordinance.

Section 4.

The City Manager shall provide and make available to the public a quarterly report or memorandum concerning the use of the cite and release process in lieu of arrest in instances when a ticket or citation is allowed by state law. This report or memorandum shall be provided to the City Council and made public on a quarterly basis and should document anonymized records of every instance that a resident was issued a citation in lieu of arrest and every instance that a resident was arrested for a nonviolent misdemeanor charge when the suspect had no outstanding warrants, was not intoxicated and legally could have been given a citation, but an arrest was made anyway, and shall include the justifications for the arrests. The memorandum shall also include the following data for each instance:

1. The reason for the stop;
2. The particular offense alleged;
3. The age, race, and ethnicity of the person arrested;
4. The location where the incident occurred.
5. The reason for the arrest.

Information regarding specific arrests shall be organized according to race and ethnicity in order to allow racial disparities to be easily analyzed. This report or memorandum should not include information that would jeopardize any ongoing criminal investigation or prosecution, and the report should include the number of unduplicated officers making such discretionary arrests.

Section 5

The City Council directs the City Manager to work with the San Marcos Police Chief and other relevant stakeholders mentioned below to update all relevant City policies and internal operating procedures in accordance with this Ordinance. Actions that may be necessary include, but are not limited to: updating the San Marcos Police Department General Manual, updating the training bulletin and training officers on the new guidelines for citation versus arrest, and updating the internal databases and systems to remove any guidelines under the manual that are no longer in effect due to this Ordinance.

The City Council directs the City Manager to arrange regular meetings of the Police Chief’s Advisory Panel, other interested stakeholders and community organizations, individuals directly impacted by the policing and arrests of immigrant communities and communities of color, and any representatives that may be designated by the Hays County District Attorney’s Office in the development of policies, procedures, and practices related to this Ordinance. These meetings shall be open to public participation.

Section 6.

A progress update shall be provided to City Council within three months after adoption of this ordinance. A written update shall be provided to the City Council within six months after the adoption of this ordinance which includes information regarding all updates to policies, procedures, and practices identified and implemented, as a result of this ordinance.

WHEREAS, Utility possesses facilities that are affected by the above mentioned highway improvement and Utility, and the State agrees that it is more economical or efficient for such relocation to be effected by including said contract in the State’s highway construction contract;

NOW THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto, to be by them kept and performed as hereafter set forth, the State and Utility do agree as follows:

AGREEMENT

1. Time Period Covered
   This agreement becomes effective when signed by the last party whose signing makes the agreement fully executed, and the State and Utility will consider it to be in full force and effect until the Project described in this agreement has been completed and accepted by all parties or unless terminated, as provided.

   A. The State will authorize the performance of only those Project items of work which are eligible for relocation reimbursements or for which Utility has requested and has agreed
to pay for as described in Attachment A - Payment Provision and Work Responsibilities, which is attached to and made a part of this contract. In addition to identifying those items of work to be paid for by payments to the State, Attachment A - Payment Provision and Work Responsibilities, also specifies those Project items of work that are the responsibility of Utility and will be carried out and completed by Utility, at no cost to the State. The Utility shall be responsible for costs that are shown on Attachment B, Estimated Utility Costs, which is attached to and made a part of this agreement.

Training is complete when at least one individual who is working actively and directly on the Project successfully completes and receives a certificate for the course entitled Local Government Project Procedures and Qualification for the Texas Department of Transportation. The Utility shall provide the certificate of qualification to the State. The individual who receives the training certificate may be an employee of the Utility or an employee of a firm that has been contracted by the Utility to perform oversight of the Project.    2. By either party upon the failure of the other party to fulfill the obligations set forth in this agreement; or
   3. By the State if it determines that the performance of the Project or utility work is not in the best interest of the State.

B. If the agreement is terminated in accordance with the above provisions, Utility will be responsible for the payment of Project costs incurred by the State on behalf of Utility up to the time of termination.

4. Right of Access

If Utility is the owner of any part of the Project site, Utility shall permit the State or its authorized representative access to the site to perform any activities required to execute the work.

6. Responsibilities of the Parties and Indemnity
Utility acknowledges that it is not an agent, servant, employee of the State, nor is it engaged in a joint enterprise, and it is responsible for its own acts and deeds and for those of its agents or employees during the performance of the work on the Project. To the extent permitted by law, Utility agrees to indemnify and hold harmless the State, its agents and employees, from all suits, actions, or claims and from all liability and damages for any and all injuries or damages sustained by any person or property in consequence with the performance of design, construction, maintenance, or operation of the Utility facility. Background Information:
Texas Department of Transportation’s (TxDOT) I-35 @ SH123 project consists of intersection improvements at I-35 and SH 123 and ramp reversals between SH 80 (Hopkins St) and RM 12 (Wonder World Dr). The purpose of this project is to improve safety and mobility and includes the following:

- Reconstruct and improve the SH 123 intersection
- Reverse two ramps along the northbound frontage road between SH 80 and SH 123
- Reverse one entrance ramp along the southbound frontage road between SH 80 and SH 123
- Realign the existing southbound exit ramp to SH 123 (CM Allen Parkway)
- Relocate the entrance ramp along the southbound frontage road from SH 80
- Reconstruct portions of the northbound and southbound frontage roads, including improving bicycle and pedestrian accommodations
- Reconstruct the frontage road bridges over Willow Springs Creek
- Raise and reconstruct the northbound frontage road bridge over the San Marcos River
- Widen the southbound frontage road bridge over the San Marcos River
- Reconstruct the main lanes and bridge over SH 123
- Add auxiliary lanes, or extended entrance/exit lanes, to the main lanes and frontage roads

An Advanced Funding Agreement (AFA) is required between the Texas Department of Transportation (TxDOT) and the City of San Marcos (City) to include drainage and landscaping betterments along IH 35 from south of SH 80 to north of RM 12. The estimated total construction cost for the drainage and landscaping betterments is $5,822,990.22. The majority of this cost is to increase stormwater capacity in the TxDOT system to address previous flooding issues in Sunset Acres. The breakdown of the total is:

THIS AGREEMENT is made by and between the State of Texas, acting by and through the Texas Department of Transportation called the “State”, and the City of San Marcos, acting by and through its duly authorized officials, called the “Local Government”. The State and Local Government shall be collectively referred to as “the parties” hereinafter.

WITNESSETH

WHEREAS, federal law establishes federally funded programs for transportation improvements to implement its public purposes, and

WHEREAS, Transportation Code, Chapters 201 and 221, authorize the State to lay out, construct, maintain, and operate a system of streets, roads, and highways that comprise the State Highway System; and

WHEREAS, Government Code, Chapter 791, and Transportation Code, §201.209 and Chapter 221, authorize the State to contract with municipalities and political subdivisions; and

WHEREAS, the Texas Transportation Commission passed Minute Order Number 115550 authorizing the State to undertake and complete a highway improvement generally described as reconstruction of main lanes, SH 123 and adjacent frontage roads consisting of grading, asphalt pavement, bridge structures, retaining walls, storm sewers, culverts, erosion control, water quality features, high mast illumination, traffic signals, signing, pavement marking, landscaping, and utility adjustments (Project); and

WHEREAS, the Local Government has requested that the State allow the Local Government to participate in said improvement by contributing a fixed amount of funds towards the portion of the improvement described as drainage and landscaping betterment on IH-35 from south of SH 80 to north of RM 12 in San Marcos, Texas; and

WHEREAS, the State has determined that such participation is in the best interest of the citizens of the state;
NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties, to be by them respectively kept and performed as set forth in this Agreement, it is agreed as follows:

AGREEMENT

1. Period of the Agreement
This Agreement becomes effective when signed by the last party whose signing makes the Agreement fully executed. This Agreement shall remain in full force and effect until the Project has been completed and accepted by all parties or unless terminated as provided below.

2. Project Funding and Work Responsibilities
A. The State will authorize the performance of only those Project items of work which the Local Government has requested and has agreed to pay for as described in Attachment A, Payment Provision and Work Responsibilities (Attachment A) which is attached to and made a part of this contract. In addition to identifying those items of work paid for by payments to the State, Attachment A also specifies those Project items of work that are the responsibility of the Local Government and will be carried out and completed by the Local Government, at no cost to the State.
B. At least sixty (60) days prior to the date set for receipt of the construction bids, the Local Government shall remit its financial share for the State’s estimated construction oversight and construction costs.
C. In the event that the State determines that additional funding by the Local Government is required at any time during the Project, the State will notify the Local Government in writing. The Local Government shall make payment to the State within thirty (30) days from receipt of the State’s written notification.
D. Whenever funds are paid by the Local Government to the State under this Agreement, the Local Government shall remit a check or warrant made payable to the “Texas Department of Transportation” or may use the State’s Automated Clearing House (ACH) system for electronic transfer of funds in accordance with instructions provided by TxDOT’s Finance Division. The funds shall be deposited and managed by the State and may only be applied by the State to the Project.

3. Right of Access
If the Local Government is the owner of any part of the Project site, the Local Government shall permit the State or its authorized representative access to the site to perform any activities required to execute the work.

4. Adjustments Outside the Project Site
The Local Government will provide for all necessary right of way and utility adjustments needed for performance of the work on sites not owned or to be acquired by the State.
5. Responsibilities of the Parties
The State and the Local Government agree that neither party is an agent, servant, or employee of the other party and each party agrees it is responsible for its individual acts and deeds as well as the acts and deeds of its contractors, employees, representatives, and agents.

6. Document and Information Exchange
The Local Government agrees to electronically deliver to the State all general notes, specifications, contract provision requirements and related documentation in a Microsoft® Word or similar document. If requested by the State, the Local Government will use the State's document template. The Local Government shall also provide a detailed construction time estimate including types of activities and month in the format required by the State. This requirement applies whether the local government creates the documents with its own forces or by hiring a consultant or professional provider. At the request of the State, the Local Government shall submit any information required by the State in the format directed by the State.

7. Interest
The State will not pay interest on funds provided by the Local Government. Funds provided by the Local Government will be deposited into, and retained in, the State Treasury.

8. Inspection and Conduct of Work
Unless otherwise specifically stated in Attachment A, the State will supervise and inspect all work performed hereunder and provide such engineering inspection and testing services as may be required to ensure that the Project is accomplished in accordance with the approved plans and specifications. All correspondence and instructions to the contractor performing the work will be the sole responsibility of the State. Unless otherwise specifically stated in Attachment A to this contract, all work will be performed in accordance with the Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges adopted by the State and incorporated in this agreement by reference, or special specifications approved by the State.

9. Increased Costs
If any existing or future local ordinances, commissioners court orders, rules, policies, or other directives, including but not limited to outdoor advertising billboards and storm water drainage facility requirements, are more restrictive than State or Federal Regulations, or if any other locally proposed changes, including but not limited to plats or replats, result in increased cost to the department for a highway improvement project, then any increased costs associated with the ordinances or changes will be paid by the Local Government. The cost of providing right of way acquired by the State shall mean the total expenses in acquiring the property interests either through negotiations or eminent domain proceedings, including but not limited to expenses related to relocation, removal, and adjustment of eligible utilities.
10. **Insurance**
If this Agreement authorizes the Local Government or its contractor to perform any work on State right of way, before beginning work the entity performing the work shall provide the State with a fully executed copy of the State’s Form 1560 Certificate of Insurance verifying the existence of coverage in the amounts and types specified on the Certificate of Insurance for all persons and entities working on State right of way. This coverage shall be maintained until all work on the State right of way is complete. If coverage is not maintained, all work on State right of way shall cease immediately, and the State may recover damages and all costs of completing the work.

11. **Project Maintenance**
The Local Government shall be responsible for maintenance of locally owned roads and locally owned facilities after completion of the work. The State shall be responsible for maintenance of the State highway system after completion of the work if the work was on the State highway system, unless otherwise provided for in Attachment A or existing maintenance agreements with the Local Government.

12. **Termination**
A. This agreement may be terminated in the following manner:
   1. By mutual written agreement and consent of both parties;
   2. By either party upon the failure of the other party to fulfill the obligations set forth in this agreement; or
   3. By the State if it determines that the performance of the Project is not in the best interest of the State.

B. If the agreement is terminated in accordance with the above provisions, the Local Government will be responsible for the payment of Project costs incurred by the State on behalf of the Local Government up to the time of termination.

C. Upon completion of the Project, the State will perform an audit of the Project costs. Any funds due to the Local Government, the State, or the Federal Government will be promptly paid by the owing party.

13. **Notices**
All notices to either party by the other required under this agreement shall be delivered personally or sent by certified or U.S. mail, postage prepaid or sent by electronic mail, (electronic notice being permitted to the extent permitted by law but only after a separate written consent of the parties), addressed to such party at the following addresses:

Either party may request in writing that such notices shall be delivered personally or by certified U.S. mail and such request shall be honored and carried out by the other party.

14. **Sole Agreement**
   In the event the terms of the agreement are in conflict with the provisions of any other existing agreements between the Local Government and the State, the latest agreement shall take precedence over the other agreements in matters related to the Project.

15. **Successors and Assigns**
   The State and the Local Government each binds itself, its successors, executors, assigns, and administrators to the other party to this agreement and to the successors, executors, assigns, and administrators of such other party in respect to all covenants of this agreement.

NOW, THEREFORE, FOR VALUABLE CONSIDERATION THE RECEIPT AND ADEQUACY OF WHICH ARE ACKNOWLEDGED, THE PARTIES AGREE AS FOLLOWS:

1. Recitals. The recitals to this Reimbursement Agreement are true and correct, and are incorporated as part of this Reimbursement Agreement for all purposes.

2. Fund Deposits. Until PID Bonds are issued, the City shall bill, collect, and immediately deposit into the PID Reimbursement Fund all Assessment Revenue consisting of: (1) revenue collected from the payment of Assessments (including pre-payments and amounts received from the foreclosure of liens but excluding Annual Collection Costs and Delinquent Collection Costs); and (2) revenue collected from the payment of Improvement Area #2 Annual Installments (excluding Annual Collection Costs and Delinquent Collection Costs). Once PID Bonds are issued, the City shall bill, collect, and immediately deposit all Assessment Revenue in the manner set forth in the Indenture for such PID Bonds. The City shall also deposit Bond Proceeds and any other funds authorized or required by such Indenture in the manner set forth in such Indenture. Improvement Area #2 Annual Installments shall be billed and collected by the City (or by any person, entity, or governmental agency permitted by law) in the same manner and at the same time as City ad valorem taxes are billed and collected. Funds in the Project Fund shall only be used in accordance with the Indenture for a series of PID Bonds. Funds in the PID Reimbursement Fund shall only be used to pay Actual Costs of the Improvement Area #2 Projects or all or any portion of the Unpaid Balance (as defined herein) in accordance with this Reimbursement Agreement. Notwithstanding any other provision in this Reimbursement Agreement, the Actual Costs of Improvement Area #2 Projects shall be paid from the Assessment Revenue collected solely from Assessments levied on the Improvement Area #2 benefitting from
such Improvement Area #2 Projects.

3. Repayment Amount. Subject to the terms, conditions, and requirements contained herein, the City agrees to reimburse Whisper MC, and Whisper MC shall be entitled to receive from the City, the amount equal to the Actual Costs of the Improvement Area #2 Projects (the “Repayment Amount”) plus interest on the unpaid balance in accordance with the terms of this Reimbursement Agreement until ______________________________, 20___ (the “Maturity Date”); provided, however, the Repayment Amount shall not exceed $_________________. The Repayment Amount shall be payable to Whisper MC upon completion of the Improvement Area #2 Projects, solely from: (i) the Assessment Revenues deposited in the PID Reimbursement Fund; or (ii) Bond Proceeds, to the extent that PID Bonds are issued by the City with respect to Improvement Area #2; or (iii) a combination of items (i), and (ii). Payments made from Bond Proceeds shall be made in the manner set forth in the Indenture for a series of PID Bonds. Payments made from the PID Reimbursement Fund toward any outstanding Unpaid Balance, shall first be applied to unpaid interest on such Unpaid Balance owed to the Owner, and second to unpaid principal of the Unpaid Balance owed to the Owner.

The Repayment Amount is authorized by the PID Act, was approved by the City Council, and represents the total costs to be assessed against the Improvement Area #2 Assessed Property within the District for the Improvement Area #2 Projects which, upon completion, will be (i) dedicated, conveyed, leased or otherwise provided to or for the benefit of the City a homeowners’ association or property owners’ association formed by an owner of any portion of Improvement Area #1 (each an “Owners Association”), and (ii) that in the case of any Improvement Area #2 Projects conveyed or dedicated to an Owners Association, such Improvement Area #2 Projects are nevertheless provided “for the benefit of” in accordance with Section 372.023 (a) of the PID Act and such Owners Association will be an entity approved by the City Council and authorized by the City to own, operate and maintain such Improvement Area #2 Projects for the City in accordance with Section 372.023 (a)(3) of the PID Act. Owner acknowledges that the Improvement Area #2 Projects, together with the land, easements, or other rights-of-way needed for the Improvement Area #2 Projects, shall be dedicated, conveyed, leased or otherwise provided to or for the benefit of the City or an authorized Owners Association as provided in the PID Financing Agreement. Owner will execute such conveyances and/or dedications as may be reasonably required to evidence the same. Without limiting the generality of any of the foregoing, with respect to any Improvement Area #2 Projects that are dedicated, conveyed, leased or otherwise provided to an Owners Association as provided herein, the owner of the applicable portion Improvement Area #1 shall execute any necessary easements to the public with respect thereto in order to evidence that although such Improvement Area #2 Projects are owned and maintained by such Owners Association, the Improvement Area #2 Projects are provided for the use and benefit of the public. The unpaid Repayment Amount shall bear simple interest per annum commencing upon the completion of the Improvement Area #2 Projects at the rate of (x) 6.00% for years one through five and (y) 5.5% for years six through the Maturity Date or unless and until PID Bonds are sold. If any portion of the Repayment Amount remains unpaid after the City issues its PID Bonds, the interest rate paid to the Owner shall be the same as the interest rate on the PID Bonds; provided, however, that such rate shall not exceed 5.5%. The interest rate has been approved by the City Council and complies with the Act.
4. **Unpaid Balance.** The Repayment Amount, plus interest as described above (collectively, the “Unpaid Balance”), is payable to Whisper MC and secured under this Reimbursement Agreement solely as described herein. No other City funds, revenue, taxes, income, or property shall be used even if the Unpaid Balance is not paid in full at the Maturity Date. The City acknowledges and agrees that until the Unpaid Balance is paid in full, subject to the Repayment Amount authorized in Section 3, the obligation of the City to use the PID Reimbursement Fund or Bond Proceeds, as applicable, to pay the Unpaid Balance to Whisper MC is absolute and unconditional and the City does not have, and will not assert, any defenses to such obligation.

5. **City Collection Efforts.** The City will use all reasonable efforts to receive and collect, or cause to be received and collected, Assessment Revenues (including the foreclosure of liens resulting from the nonpayment of Assessments, the Assessments or other charges due and owing under the SAP), and upon receipt and collection, immediately deposit the same in accordance with Section 2 of this Reimbursement Agreement. Notwithstanding its collection efforts, if the City fails to receive all or any part of the Assessments, such failure and inability shall not constitute default by the City under this Reimbursement Agreement. This Reimbursement Agreement and/or the PID Bonds shall never give rise to or create:

   (a) a charge against the general credit or taxing powers of the City or any other taxing unit; or

   (b) a debt or other obligation of the City payable from any source of revenue, taxes, income, or properties of the City other than from the Assessments or from Bond Proceeds.

6. **Process for Payment of the Repayment Amount.** Whisper MC may submit (but not more frequently than monthly) to the City a written request for payment from the Project Fund or the PID Reimbursement Fund, as applicable, in the form attached hereto as Schedule 1 (each a “Certification for Payment”) to disburse a portion of the Repayment Amount to pay for the Actual Costs of constructing the applicable Improvement Area #2 Projects not previously reimbursed. Each Certification for Payment shall designate the Improvement Area #2 Projects (or portion thereof) to which the Certification for Payment pertains. This process will continue until the Unpaid Balance is paid in full, whether through the issuance of PID Bonds or not, subject to the Repayment Amount.

7. **Issuance of PID Bonds.** The City, in its sole, legislative discretion, may issue PID Bonds, in one or more series, when and if the City Council determines it is financially feasible for the purposes of: (1) paying the Unpaid Balance; or (2) paying directly Actual Costs of Improvement #2 Projects. PID Bonds issued for such purpose will be secured by and paid solely as authorized by the Indenture for such series of PID Bonds. Upon the issuance of PID Bonds for such purpose and for so long as PID Bonds remain outstanding, the Owner’s right to receive payments each year in accordance with Section 3 shall be subordinate to the deposits required under the Indenture related to any outstanding PID Bonds and the Owner shall be entitled to receive funds pursuant to the flow of funds provisions of such Indenture. If the outstanding PID
Bonds are less than the outstanding Assessments, then, in addition to receiving the net proceeds of the PID Bonds, the Owner may continue to receive Assessments Revenue deposited into the PID Reimbursement Fund up to the Unpaid Balance, subject to the Repayment Amount.

8. **Termination.** Subject to the Repayment Amount, once all payments paid to Whisper MC under this Reimbursement Agreement (including net proceeds of the PID Bonds, if applicable) equal the Unpaid Balance, this Reimbursement Agreement shall terminate; provided, however that if on the Maturity Date, after application of Bond Proceeds, if any, any portion of the Unpaid Balance remains unpaid, such Unpaid Balance shall be canceled and for all purposes of this Reimbursement Agreement shall be deemed to have been conclusively and irrevocably PAID IN FULL; provided further that if any Assessment Revenue remain due and payable and are uncollected on the Maturity Date, such Assessment Revenue, when, as, and if collected after the Maturity Date, shall be applied to any amounts due in connection with outstanding PID Bonds, and then paid to Whisper MC and applied to the Unpaid Balance.

9. **Non-Recourse Obligation.** The obligations of the City under this Reimbursement Agreement are non-recourse and payable only from (i) Assessments, or (ii) Bond Proceeds, if applicable; and such obligations do not create a debt or other obligation payable from any other City revenues, taxes, income, or property. None of the City or any of its elected or appointed officials or any of its employees shall incur any liability hereunder to the Owner or any other party in their individual capacities by reason of this Reimbursement Agreement or their acts or omission under this Reimbursement Agreement.

10. **No Defense.** Following the City’s inspection and approval of the Improvement Area #2 Projects, there will be no conditions or defenses to the obligation of the City to use the Bond Proceeds to pay the Unpaid Balance and to pledge the Assessment Revenues as security for such PID Bonds, other than the City's right to pay costs of issuance of such PID Bonds and/or other costs incurred by the City relating to the Improvement Area #2 Projects. As applicable, the City hereby agrees to transfer such portion of the Assessment Revenues to the Trustee under the applicable Indenture.

11. **No Waiver.** Nothing in this Reimbursement Agreement is intended to constitute a waiver by the City of any remedy the City may otherwise have outside this Reimbursement Agreement against any person or entity involved in the design, construction, or installation of the Improvement Area #2 Projects.

12. **Governing Law, Venue.** This Reimbursement Agreement is being executed and delivered, and is intended to be performed in the State of Texas. Except to the extent that the laws of the United States may apply to the terms hereof, the substantive laws of the State of Texas shall govern the validity, construction, enforcement, and interpretation of this Reimbursement Agreement. In the event of a dispute involving this Reimbursement Agreement, venue for such dispute shall lie in any court of competent jurisdiction in San Marcos, Texas.

13. **Notice.** Any notice required or contemplated by this Reimbursement Agreement shall be deemed given at the addresses shown below: (i) when delivered by a national company such as FedEx or UPS with evidence of delivery signed by any person at the delivery address

14. Invalid Provisions. If any provision of this Reimbursement Agreement is held invalid by any court, such holding shall not affect the validity of the remaining provisions, and the remainder of this Reimbursement Agreement shall remain in full force and effect.

15. Exclusive Rights of Whisper MC. Whisper MC’s right, title and interest into the payments of Repayment Amounts, as described herein, shall be the sole and exclusive property of Whisper MC (or its Transferee) and no other third party shall have any claim or right to such funds unless Whisper MC transfers its rights to its Unpaid Balance to a Transferee in writing and otherwise in accordance with the requirements set forth herein. Subject to the terms of Section 16 hereof, Whisper MC has the right to convey, transfer, assign, mortgage, pledge, or otherwise encumber, in whole or in part, all or any portion of Whisper MC’s right, title, or interest under this Agreement including, but not limited to, any right, title or interest of Whisper MC in and to payment of its Unpaid Balance (a “Transfer,” and the person or entity to whom the transfer is made, a “Transferee”). Notwithstanding the foregoing, no Transfer shall be effective until written notice of the Transfer, including the name and address of the Transferee, is provided to the City by Whisper MC. The City may rely conclusively on any written notice of a Transfer provided to the City by Whisper MC without any obligation to investigate or confirm the Transfer.

16. Assignment.
(a) Subject to subparagraph (b) below, the Owner may, in its sole and absolute discretion, assign this Reimbursement Agreement with respect to all or part of the property within Improvement Area #2 owned by the Owner from time to time to any third party. The Owner shall provide the City thirty (30) days prior written notice of any such assignment. Upon such assignment or partial assignment, the Owner shall be fully released from any and all obligations under this Reimbursement Agreement and shall have no further liability with respect to this Reimbursement Agreement relating to the property within Improvement Area #2 so assigned.

(b) Any sale of a portion of the property within Improvement Area #2 or assignment of any right hereunder shall not be deemed a sale or assignment to a Designated Successor or Assign unless the conveyance or transfer instrument effecting such sale or assignment expressly states that the sale or assignment is to a Designated Successor or Assign.

(c) Any sale of a portion of the property within Improvement Area #2 or assignment of any right hereunder shall not be deemed a Transfer unless the conveyance or transfer instrument effecting such sale or assignment expressly states that the sale or assignment is deemed to be a Transfer.

(d) “Designated Successors and Assigns” shall mean (i) an entity to which the Owner assigns (in writing) its rights and obligations contained in this Reimbursement Agreement pursuant to this Section 16; (ii) any entity which is the successor by merger or otherwise to all or substantially all of the Owner’s assets and liabilities including, but not limited to, any merger or acquisition pursuant to any public offering or reorganization to obtain financing and/or growth capital; or (iii) any entity which may have acquired all of the outstanding stock or ownership of assets of the Owner.

(e) The Owner waives all rights or claims against the City for any funds paid to a third party as a result of a Transfer for which the City received notice from Whisper MC. The foregoing notwithstanding, no Transfer of payments hereunder may be pledged to the payment of any debt service on public securities issued by any state of the United States or any political subdivision thereof without the approval of the City Council.

17. Failure; Default; Remedies.

(a) If any Party fails to perform an obligation imposed on such Party by this Reimbursement Agreement (a “Failure”) and such Failure is not cured after written notice and the expiration of the cure periods provided in this section, then such Failure shall constitute a “Default.” Upon the occurrence of a Failure by a non-performing Party, any other Party shall notify the non-performing Party in writing specifying in reasonable detail the nature of the Failure. The non-performing Party to whom notice of a Failure is given shall have at least 30 days from receipt of the notice within which to cure the Failure; however, if the Failure cannot reasonably be cured within 30 days and the non-performing Party has diligently pursued a cure within such 30-day period and has
provided written notice to the other Parties that additional time is needed, then the cure period shall be extended for an additional period (not to exceed 90 days) so long as the non-performing Party is diligently pursuing a cure.

(b) If the Owner is in Default, the City’s sole and exclusive remedy shall be to seek specific enforcement of this Reimbursement Agreement. No Default by the Owner, however, shall: (1) affect the obligations of the City to use Bond Proceeds as provided in Section 6 of this Reimbursement Agreement; or (2) entitle the City to terminate this Reimbursement Agreement. In addition to specific enforcement, the City shall be entitled to attorney’s fees, court costs, and other costs of the City to obtain specific enforcement.

(c) If the City is in Default, the Owner’s sole and exclusive remedies shall be to:

(1) seek a writ of mandamus to compel performance by the City; or

(2) seek specific enforcement of this Reimbursement Agreement.

18. Miscellaneous.

(a) The failure by a Party to insist upon the strict performance of any provision of this Reimbursement Agreement by another Party, or the failure by a Party to exercise its rights upon a Default by another Party shall not constitute a waiver of such Party’s right to insist and demand strict compliance by any other Party with the provisions of this Reimbursement Agreement.

(b) The City does not waive or surrender any of its governmental powers, immunities, or rights except to the extent permitted by law and necessary to allow an Owner to enforce its remedies under this Reimbursement Agreement.

(c) Nothing in this Reimbursement Agreement, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and Owner any rights, remedies, or claims under or by reason of this Reimbursement Agreement, and all covenants, conditions, promises, and agreements in this Reimbursement Agreement shall be for the sole and exclusive benefit of the City and the Owner.

(d) This Reimbursement Agreement may be amended only by written agreement of the Parties.

(e) This Reimbursement Agreement may be executed in counterparts, each of which shall be deemed an original.

19. Anti-Boycott Verification. Pursuant to Section 2271.002, Texas Government Code, the Owner hereby verifies that the Owner, and any parent company, wholly- or majority-owned subsidiaries, and other affiliates of the Owner, if any, does not boycott Israel and, to the
extent this Reimbursement Agreement is a contract for goods or services, will not boycott Israel during the term of this Reimbursement Agreement. The foregoing verification is made solely to comply with Section 2271.002, Texas Government Code, and to the extent such Section does not contravene applicable State or Federal law. As used in the foregoing verification, “boycott Israel” means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Owner understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Owner and exists to make a profit.

20. **Iran, Sudan and Foreign Terrorist Organizations.** Pursuant to Subchapter F, Chapter 2252, Texas Government Code, the Owner represents that neither the Owner, nor any parent company, wholly- or majority-owned subsidiaries, and other affiliates of the Owner is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website:

https://comptroller.texas.gov/purchasing/docs/iran-list.pdf, or
https://comptroller.texas.gov/purchasing/docs/fto-list.pdf.

The foregoing representation is made solely to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable State or Federal law and excludes the Owner, and each parent company, wholly- or majority-owned subsidiaries, and other affiliates of the Owner, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. The Owner understands “affiliate” to mean any entity that controls, is controlled by, or is under common control with the Owner and exists to make a profit.

NOW, THEREFORE, FOR VALUABLE CONSIDERATION THE RECEIPT AND ADEQUACY OF WHICH ARE ACKNOWLEDGED, THE PARTIES AGREE AS FOLLOWS:

1. Recitals. The recitals to this Reimbursement Agreement are true and correct, and are incorporated as part of this Reimbursement Agreement for all purposes.

2. Fund Deposits. Until PID Bonds are issued, the City shall bill, collect, and immediately deposit into the PID Reimbursement Fund all Assessment Revenue consisting of: (1) revenue collected from the payment of Assessments (including pre-payments and amounts received from the foreclosure of liens but excluding Annual Collection Costs and Delinquent Collection Costs); and (2) revenue collected from the payment of Improvement Area #1 Annual Installments (excluding Annual Collection Costs and Delinquent Collection Costs). Once PID Bonds are issued, the City shall bill, collect, and immediately deposit all Assessment Revenue in the manner set forth in the Indenture for such PID Bonds. The City shall also deposit Bond Proceeds and any other funds authorized or required by such Indenture in the manner set forth in such Indenture. Improvement Area #1 Annual Installments shall be billed and collected by the City (or by any person, entity, or governmental agency permitted by law) in the same manner and at the same time as City ad valorem taxes are billed and collected. Funds in the Project Fund shall only be used in accordance with the Indenture for a series of PID Bonds. Funds in the PID Reimbursement Fund shall only be used to pay Actual Costs of the Improvement Area #1 Projects or all or any portion of the Unpaid Balance (as defined herein) in accordance with this
Reimbursement Agreement. Notwithstanding any other provision in this Reimbursement Agreement, the Actual Costs of Improvement Area #1 Projects shall be paid from the Assessment Revenue collected solely from Assessments levied on the Improvement Area #1 benefitting from such Improvement Area #1 Projects.

3. **Repayment Amount.** Subject to the terms, conditions, and requirements contained herein, the City agrees to reimburse Whisper MC, and Whisper MC shall be entitled to receive from the City, the amount equal to the Actual Costs of the Improvement Area #1 Projects (the “Repayment Amount”) plus interest on the unpaid balance in accordance with the terms of this Reimbursement Agreement until __________________________, 20___ (the “Maturity Date”); provided, however, the Repayment Amount shall not exceed $________________. The Repayment Amount shall be payable to Whisper MC upon completion of the Improvement Area #1 Projects, solely from: (i) the Assessment Revenues deposited in the PID Reimbursement Fund; or (ii) Bond Proceeds, to the extent that PID Bonds are issued by the City with respect to Improvement Area #1; or (iii) a combination of items (i), and (ii). Payments made from Bond Proceeds shall be made in the manner set forth in the Indenture for a series of PID Bonds. Payments made from the PID Reimbursement Fund toward any outstanding Unpaid Balance, shall first be applied to unpaid interest on such Unpaid Balance owed to Whisper MC, and second to unpaid principal of the Unpaid Balance owed to Whisper MC.

The Repayment Amount is authorized by the PID Act, was approved by the City Council, and represents the total costs to be assessed against the Improvement Area #1 Assessed Property within the District for the Improvement Area #1 Projects which, upon completion, will be (i) dedicated, conveyed, leased or otherwise provided to or for the benefit of the City or a homeowners’ association or property owners’ association formed by an owner of any portion of Improvement Area #1 (each an “Owners Association”), and (ii) that in the case of any Improvement Area #1 Projects conveyed or dedicated to an Owners Association, such Improvement Area #1 Projects are nevertheless provided “for the benefit of” in accordance with Section 372.023 (a) of the PID Act and such Owners Association will be an entity approved by the City Council and authorized by the City to own, operate and maintain such Improvement Area #1 Projects for the City in accordance with Section 372.023(a)(3) of the PID Act. Each Owner acknowledges that the Improvement Area #1 Projects, together with the land, easements, or other rights-of-way needed for the Improvement Area #1 Projects, shall be dedicated, conveyed, leased or otherwise provided to or for the benefit of the City or an authorized Owners Association as provided in the PID Financing Agreement. Without limiting the generality of any of the foregoing, with respect to any Improvement Area #1 Projects that are dedicated, conveyed, leased or otherwise provided to an Owners Association as provided herein, the Owner of the applicable portion of Improvement Area #1 shall execute any necessary easements to the public with respect thereto in order to evidence that although such Improvement Area #1 Projects are owned and maintained by such Owners Association, the Improvement Area #1 Projects are provided for the use and benefit of the public. Each Owner will execute such conveyances and/or dedications as may be reasonably required to evidence the same. The unpaid Repayment Amount shall bear simple interest per annum commencing upon the completion of the Improvement Area #1 Projects at the rate of (x) 6.00% for years one through five and (y) 5.5% for years six through the Maturity Date or unless and until PID Bonds are sold. If any portion of the Repayment Amount remains unpaid after the City issues its PID Bonds, the interest rate paid to Whisper MC shall be the same as the interest rate on the
PID Bonds; provided, however, that such rate shall not exceed 5.5%. The interest rate has been approved by the City Council and complies with the Act.

4. Unpaid Balance. The Repayment Amount, plus interest as described above (collectively, the “Unpaid Balance”), is payable to Whisper MC and secured under this Reimbursement Agreement solely as described herein. No other City funds, revenue, taxes, income, or property shall be used even if the Unpaid Balance is not paid in full at the Maturity Date. The City acknowledges and agrees that until the Unpaid Balance is paid in full, subject to the Repayment Amount authorized in Section 3, the obligation of the City to use the PID Reimbursement Fund or Bond Proceeds, as applicable, to pay the Unpaid Balance to Whisper MC is absolute and unconditional and the City does not have, and will not assert, any defenses to such obligation.

5. City Collection Efforts. The City will use all reasonable efforts to receive and collect, or cause to be received and collected, Assessment Revenues (including the foreclosure of liens resulting from the nonpayment of Assessments), the Assessments or other charges due and owing under the SAP), and upon receipt and collection, immediately deposit the same in accordance with Section 2 of this Reimbursement Agreement. Notwithstanding its collection efforts, if the City fails to receive all or any part of the Assessments, such failure and inability shall not constitute default by the City under this Reimbursement Agreement. This Reimbursement Agreement and/or the PID Bonds shall never give rise to or create:

(a) a charge against the general credit or taxing powers of the City or any other taxing unit; or

(b) a debt or other obligation of the City payable from any source of revenue, taxes, income, or properties of the City other than from the Assessments or from Bond Proceeds.

6. Process for Payment of the Repayment Amount. Whisper MC may submit (but not more frequently than monthly) to the City a written request for payment from the PID Reimbursement Fund or the Project Fund, as applicable, in the form attached hereto as Schedule 1 (each a “Certification for Payment”) to disburse a portion of the Repayment Amount to pay for the Actual Costs of constructing the applicable Improvement Area #1 Projects not previously reimbursed. Each Certification for Payment shall designate the Improvement Area #1 Projects (or portion thereof) to which the Certification for Payment pertains. This process will continue until the Unpaid Balance is paid in full, whether through the issuance of PID Bonds or not, subject to the Repayment Amount.

7. Issuance of PID Bonds. The City, in its sole, legislative discretion, may issue PID Bonds, in one or more series, when and if the City Council determines it is financially feasible for the purposes of: (1) paying the Unpaid Balance; or (2) paying directly Actual Costs of Improvement #1 Projects. PID Bonds issued for such purpose will be secured by and paid solely as authorized by the Indenture for such series of PID Bonds. Upon the issuance of PID Bonds for such purpose and for so long as PID Bonds remain outstanding, Whisper MC’s right to receive payments each year in accordance with Section 3 shall be subordinate to the deposits required
under the Indenture related to any outstanding PID Bonds and Whisper MC shall be entitled to receive funds pursuant to the flow of funds provisions of such Indenture. If the outstanding PID Bonds are less than the outstanding Assessments, then, in addition to receiving the net proceeds of the PID Bonds, Whisper MC may continue to receive Assessment Revenue deposited into the PID Reimbursement Fund up to the Unpaid Balance, subject to the Repayment Amount.

8. **Termination.** Subject to the Repayment Amount, once all payments paid to Whisper MC under this Reimbursement Agreement (including net proceeds of the PID Bonds, if applicable) equal the Unpaid Balance, this Reimbursement Agreement shall terminate; provided, however that if on the Maturity Date, after application of Bond Proceeds, if any, any portion of the Unpaid Balance remains unpaid, such Unpaid Balance shall be canceled and for all purposes of this Reimbursement Agreement shall be deemed to have been conclusively and irrevocably PAID IN FULL; provided further that if any Assessment Revenue remain due and payable and are uncollected on the Maturity Date, such Assessment Revenue, when, as, and if collected after the Maturity Date, shall be applied to any amounts due in connection with outstanding PID Bonds, and then paid to Whisper MC and applied to the Unpaid Balance.

9. **Non-Recourse Obligation.** The obligations of the City under this Reimbursement Agreement are non-recourse and payable only from (i) Assessments, or (ii) Bond Proceeds, if applicable; and such obligations do not create a debt or other obligation payable from any other City revenues, taxes, income, or property. None of the City or any of its elected or appointed officials or any of its employees shall incur any liability hereunder to Whisper MC or any other party in their individual capacities by reason of this Reimbursement Agreement or their acts or omission under this Reimbursement Agreement.

10. **No Defense.** Following the City’s inspection and approval of the Improvement Area #1 Projects, there will be no conditions or defenses to the obligation of the City to use Bond Proceeds to pay the Unpaid Balance and to pledge the Assessment Revenues as security for such PID Bonds, other than the City's right to pay costs of issuance of such PID Bonds and/or other costs incurred by the City relating to the Improvement Area #1 Projects. As applicable, the City hereby agrees to transfer such portion of the Assessment Revenues to the Trustee under the applicable Indenture.

11. **No Waiver.** Nothing in this Reimbursement Agreement is intended to constitute a waiver by the City of any remedy the City may otherwise have outside this Reimbursement Agreement against any person or entity involved in the design, construction, or installation of the Improvement Area #1 Projects.

12. **Governing Law, Venue.** This Reimbursement Agreement is being executed and delivered, and is intended to be performed in the State of Texas. Except to the extent that the laws of the United States may apply to the terms hereof, the substantive laws of the State of Texas shall govern the validity, construction, enforcement, and interpretation of this Reimbursement Agreement. In the event of a dispute involving this Reimbursement Agreement, venue for such dispute shall lie in any court of competent jurisdiction in San Marcos, Texas.

13. **Notice.** Any notice required or contemplated by this Reimbursement Agreement
shall be deemed given at the addresses shown below: (i) when delivered by a national company such as FedEx or UPS with evidence of delivery signed by any person at the delivery address regardless of whether such person was the named addressee; or (ii) 24 hours after the notice was deposited with the United States Postal Service, Certified Mail, Return Receipt Requested. Any Party may change its address by delivering written notice of such change in accordance with this section.

14. **Invalid Provisions.** If any provision of this Reimbursement Agreement is held invalid by any court, such holding shall not affect the validity of the remaining provisions, and the remainder of this Reimbursement Agreement shall remain in full force and effect.

15. **Exclusive Rights of Whisper MC.** Whisper MC’s right, title and interest into the payments of Repayment Amounts, as described herein, shall be the sole and exclusive property of Whisper MC (or its Transferee) and no other third party shall have any claim or right to such funds unless Whisper MC transfers its rights to its Unpaid Balance to a Transferee in writing and otherwise in accordance with the requirements set forth herein. Subject to the terms of Section 16 hereof, Whisper MC has the right to convey, transfer, assign, mortgage, pledge, or otherwise encumber, in whole or in part, all or any portion of Whisper MC’s right, title, or interest under this Agreement including, but not limited to, any right, title or interest of Whisper MC in and to payment of its Unpaid Balance (a “Transfer,” and the person or entity to whom the transfer is made, a “Transferee”). Notwithstanding the foregoing, no Transfer shall be effective until written notice of the Transfer, including the name and address of the Transferee, is provided to the City by Whisper MC. The City may rely conclusively on any written notice of a Transfer provided to the City by Whisper MC without any obligation to investigate or confirm the Transfer.

16. **Assignment.**

(a) Subject to subparagraph (b) below, any Owner may, in its sole and absolute discretion, assign this Reimbursement Agreement with respect to all or part of the property within Improvement Area #1 owned by such Owner from time to time to any third party. An Owner shall provide the City thirty (30) days prior written notice of any such assignment. Upon such assignment or partial assignment, such Owner shall be fully released from any and all obligations under this Reimbursement Agreement and shall have no further liability with respect to this Reimbursement Agreement relating to the property within Improvement Area #1 so assigned.

(b) Any sale of a portion of the property within Improvement Area #1 or assignment of any right hereunder shall not be deemed a sale or assignment to a Designated Successor or Assign unless the conveyance or transfer instrument effecting such sale or assignment expressly states that the sale or assignment is to a Designated Successor or Assign.

(c) Any sale of a portion of the property within Improvement Area #1 or assignment of any right hereunder shall not be deemed a Transfer unless the conveyance or transfer instrument effecting such sale or assignment expressly states that the sale or assignment is deemed to be a Transfer.

(d) “Designated Successors and Assigns” shall mean (i) an entity to which an Owner assigns (in writing) its rights and obligations contained in this Reimbursement Agreement pursuant to this Section 16; (ii) any entity which is the successor by merger or
otherwise to all or substantially all of such Owner’s assets and liabilities including, but not limited to, any merger or acquisition pursuant to any public offering or reorganization to obtain financing and/or growth capital; or (iii) any entity which may have acquired all of the outstanding stock or ownership of assets of such Owner.

(e) The Owner waives all rights or claims against the City for any funds paid to a third party as a result of a Transfer for which the City received notice from Whisper MC. The foregoing notwithstanding, no Transfer of payments hereunder may be pledged to the payment of debt service on public securities issued by any state of the United States or any political subdivision thereof without the approval of the City Council.

17. Failure; Default; Remedies.

(a) If any Party fails to perform an obligation imposed on such Party by this Reimbursement Agreement (a “Failure”) and such Failure is not cured after written notice and the expiration of the cure periods provided in this section, then such Failure shall constitute a “Default.” Upon the occurrence of a Failure by a non-performing Party, any other Party shall notify the non-performing Party in writing specifying in reasonable detail the nature of the Failure. The non-performing Party to whom notice of a Failure is given shall have at least 30 days from receipt of the notice within which to cure the Failure; however, if the Failure cannot reasonably be cured within 30 days and the non-performing Party has diligently pursued a cure within such 30-day period and has provided written notice to the other Parties that additional time is needed, then the cure period shall be extended for an additional period (not to exceed 90 days) so long as the non-performing Party is diligently pursuing a cure.

(b) If an Owner is in Default, the City’s sole and exclusive remedy shall be to seek specific enforcement of this Reimbursement Agreement. No Default by any Owner, however, shall: (1) affect the obligations of the City to use the Bond Proceeds as provided in Section 6 of this Reimbursement Agreement; or (2) entitle the City to terminate this Reimbursement Agreement. In addition to specific enforcement, the City shall be entitled to attorney’s fees, court costs, and other costs of the City to obtain specific enforcement.

(c) If the City is in Default, the Owner’s sole and exclusive remedies shall be to:

(1) seek a writ of mandamus to compel performance by the City; or

(2) seek specific enforcement of this Reimbursement Agreement.

18. Miscellaneous.

(a) The failure by a Party to insist upon the strict performance of any provision of this Reimbursement Agreement by another Party, or the failure by a Party to exercise its rights upon a Default by another Party shall not constitute a waiver of such Party’s right to insist and demand strict compliance by any other Party with the provisions of this
Reimbursement Agreement.

(b) The City does not waive or surrender any of its governmental powers, immunities, or rights except to the extent permitted by law and necessary to allow an Owner to enforce its remedies under this Reimbursement Agreement.

(c) Nothing in this Reimbursement Agreement, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than the City and Owner any rights, remedies, or claims under or by reason of this Reimbursement Agreement, and all covenants, conditions, promises, and agreements in this Reimbursement Agreement shall be for the sole and exclusive benefit of the City and the Owner.

(d) This Reimbursement Agreement may be amended only by written agreement of the Parties.

(e) This Reimbursement Agreement may be executed in counterparts, each of which shall be deemed an original.

19. **Anti-Boycott Verification.** Pursuant to Section 2271.002, Texas Government Code, the Owners hereby verify that the Owners, and any parent company, wholly- or majority-owned subsidiaries, and other affiliates of the Owners, if any, do not boycott Israel and, to the extent this Reimbursement Agreement is a contract for goods or services, will not boycott Israel during the term of this Reimbursement Agreement. The foregoing verification is made solely to comply with Section 2271.002, Texas Government Code, and to the extent such Section does not contravene applicable State or Federal law. As used in the foregoing verification, “boycott Israel” means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Owners understand “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Owners and exists to make a profit.

20. **Iran, Sudan and Foreign Terrorist Organizations.** Pursuant to Subchapter F, Chapter 2252, Texas Government Code, the Owners represent that neither the Owners, nor any parent company, wholly- or majority-owned subsidiaries, and other affiliates of the Owners are a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer’s internet website:

https://comptroller.texas.gov/purchasing/docs/iran-list.pdf, or
https://comptroller.texas.gov/purchasing/docs/fto-list.pdf.

The foregoing representation is made solely to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable State or Federal law and
excludes the Owners, and each parent company, wholly- or majority-owned subsidiaries, and other affiliates of the Owners, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. The Owners understands “affiliate” to mean any entity that controls, is controlled by, or is under common control with the Owners and exists to make a profit.

AMENDED AND RESTATED WHISPER PID FINANCING AGREEMENT
Section 2.01. Preliminary Matters

(a) On October 6, 2014, the City authorized the formation of the District by Resolution No. 2014-143R. The District includes all of the Property.

(b) A draft of the initial Service and Assessment Plan for the Property is attached hereto as Exhibit “C.” The Owners acknowledge and agree that the Service and Assessment Plan must meet the requirements of Texas law; including, Texas Local Government Code Sections 372.013 and 372.014 and be presented to the City Council for review and approval prior to approval of the Assessment Ordinance(s) and PID Bonds being issued. The final Service and Assessment Plan approved pursuant to the Initial Assessment Ordinance(s) shall be substantially similar to the draft attached hereto as Exhibit “C” and shall be substituted for and replace Exhibit “C,” hereto. Thereafter, the Service and Assessment Plan will be updated and amended by the City or its Administrator at least once per year, and submitted for the City Council’s review and approval. Notwithstanding the above, it is hereby understood and acknowledged by the Parties that the Service and Assessment Plan may need to be amended over time if there are any changes in the Public Authorized Improvements. Nevertheless, the basic terms and methodology described in the Service and Assessment Plan will generally apply to the PID Bonds, and other reimbursements due to Whisper MC.

(c) Special Assessments on any portion of the Property will bear a direct proportional relationship to, and be less than or equal to, the special benefit of the Public Authorized Improvements within the District.

(d) Assessments on any portion of the Property may be adjusted in connection with subsequent PID Bond issues or otherwise so long as the Special Assessments are determined in accordance with the Service and Assessment Plan.

(e) The Property may also be subject to an Owner’s Association assessment if established by the Owners.

(g) The Property may also be subject to one or more Owners Association assessment(s) if established by the Owners. The City hereby acknowledges and agrees that (i) the Authorized Improvements will be dedicated, conveyed, leased or otherwise provided to or for the benefit of the City or an Owners Association, and (ii) that any Authorized Improvements conveyed or dedicated to an Owners Association are provided “for the benefit of” the City in accordance with Section 372.023 (a) of the PID Act and such Owners Association will be an entity authorized and approved by the City Council and authorized by the City to own, operate and maintain such Authorized Improvements for the City in accordance with Section 372.023(a)(3) of the PID Act. Without limiting the generality of any of the foregoing, with respect to any Authorized Improvements that are dedicated, conveyed, leased or otherwise provided to an Owners Association as provided herein, the applicable Owners Association shall execute any necessary easements to the public with respect thereto in order to evidence that although such Authorized Improvements are owned and maintained by such Owners Association, the Authorized Improvements are provided for the use and benefit of the public.

Section 2.02. Apportionment and Levy of Assessments

The City will levy Special Assessments on the Property in accordance herewith and with the Service and Assessment Plan (as such plan is amended from time to time) at such time as an Assessment Ordinance is approved by the City Council in accordance with Article IV hereof. The City’s apportionment and levy of Special Assessments will be made in accordance with the PID Act.

The City covenants and agrees that to the extent permitted by applicable law, it will not permit a reduction, abatement, or exemption in the Special Assessments due on any portion of the Property until (i) any PID Bonds related to that particular portion of the Property are no longer considered outstanding, whether as a result of payment in full, defeasance, or otherwise, and (ii) any other reimbursements due to Whisper MC hereunder are paid. Notwithstanding that current intention, the parties acknowledge and agree that Whisper MC may elect to request PID Bond issuance to fund the Authorized Improvements allocated to Improvement Area #2 at some point in the future. The parties hereby agree that in the event of any future Bond Issuance Request (as defined herein) for Improvement Area #2, the applicable terms of this Agreement related to collection of Assessments, PID Bond issuance and reimbursement of Actual Costs for Improvement Area #1 shall apply to Improvement Area #2 and that the Parties shall reasonably cooperate and take any necessary or appropriate steps to effectuate such funding. ARTICLE V. PID BONDS

Section 5.01. Issuance of PID Bonds

(a) Subject to the terms and conditions set forth in this Article V, the City intends to pay for the Authorized Improvements, by either (i) reimbursing Whisper MC out of Special Assessments collected for Actual Costs of the Authorized Improvements pursuant to an applicable Acquisition and Reimbursement Agreement, and/or (ii) by issuing PID Bonds in one or more series. The City will use diligent, reasonable and good faith efforts, subject to meeting the requirements and conditions stated herein and State law, to issue an initial series of PID Bonds within four (4) months after receiving a Bond Issuance Request from Whisper MC Improvement Area #1 on or before __________, 2020, and the completion of the applicable Authorized Improvements contemplated to be paid for by the PID Bonds to be issued, provided that Whisper MC can reasonably demonstrate to the City and its financial advisors that there is sufficient security for the PID Bonds, based upon the bond market conditions existing at the time of such proposed sale. The planning and documentation of a PID Bond issuance shall begin upon delivery of a Bond Issuance Request. Prior to PID Bond issuance, the Owners Whisper MC shall provide an Appraisal to the City for the City’s review and approval covering the portions of the Property that will be subject to the Special Assessments securing the PID Bonds, however such appraisal requirement may be waived by the City for any series of PID Bonds issued to refund an outstanding series of PID Bonds. The City shall select the appraiser, in consultation with the Owners Whisper MC and the Underwriter,
and all reasonable fees of the Appraisal shall be paid by the Owners Whisper MC and shall be included in the Actual Costs.

(b) The aggregate principal amount of PID Bonds required to be issued hereunder shall not exceed an amount sufficient to fund: (i) the Actual Costs of the Public Authorized Improvements, (ii) required reserves and capitalized interest of not more than 12 months after the completion of construction of the applicable Public Authorized Improvements funded by the PID Bond issue in question; and (iii) any other District Formation and Bond Issuance Costs. Provided, however that to the extent the law(s) which limit the period of capitalized interest to 12 months after completion of construction change, the foregoing limitation may be adjusted to reflect the law(s) in effect at the time of any future PID Bond issuances.

(c) The final maturity for each series of PID Bonds shall occur no later than 30 years from the issuance date of said PID Bonds.

(d) It is the current intent of the Owners Whisper MC to request one PID Bond issuance, with such bond issue permitted to include more than one series of PID Bonds as allocated to separate components of the Project, to provide the agreed upon reimbursements. However, the Owners retain the right to request the agreed upon reimbursements through additional PID Bond issues subject to the condition that the maximum Actual Cost of Public Improvements to be reimbursed shall not exceed $10,399,030.00, and the maximum amount of total indebtedness shall not exceed $14,125,030,000.00.

(e) Subject to the annual permitted increases allowed in Section 5.01(g) below, the initial PID Annual Installment equivalent ad valorem tax rate shall not exceed (i) $0.17 per $100 of assessed valuation for any single-family detached residential Parcels, and (ii) $0.22 per $100 of assessed valuation with respect to any other individual Parcel. In the event that an initial PID Annual Installment equivalent tax rate on any individual Parcel is determined upon subdivision of such Parcel to exceed $0.22 (subject to the annual permitted increases allowed in Section 5.01(g) below), then the owner of such Parcel shall make a mandatory partial prepayment of the special assessment in an amount sufficient to bring the equivalent tax rate for such Parcel to $0.22 or less before any subsequent Special Assessments for such Parcel are levied and collected. Special Assessments on any given portion of the Property may be adjusted in connection with subsequent PID Bond issues, as long as the maximum annual PID Annual Installment equivalent tax rate, as described in the foregoing sentence, is not exceeded, and the Special Assessments are determined in accordance with the Service and Assessment Plan. Special Assessments on any portion of the Property shall bear a direct proportionate relationship to the special benefit of the Public Authorized Improvements to that portion of the Property.

(f) The minimum value to lien ratio at the issuance date of each series of PID Bonds shall be (i) 3 to 1 on an overall basis considering all Parcels, and (ii) 2.5 to 1 with respect to any individual Parcel.

(g) The maximum annual permitted increase in PID-Annual Installments shall be 2%. 
(b) In addition to any other requirements of this Agreement, including but not limited to City Council approval, PID Bonds are not required to be issued under this Article V unless (i) the statutory requirements set forth in Chapter 372 of the Texas Local Government Code have been satisfied; (ii) the City receives at the time of issuance of such PID Bonds an opinion of counsel selected by the City stating in effect that the PID Bonds are legal and valid obligations under Texas law and that all preconditions to their issuance under State law have been satisfied; and (iii) the Attorney General of the State of Texas has issued an opinion approving issuance of the bonds as required by the PID Act and the PID bonds have been registered by the Texas Comptroller.

(i) The City will deliver a certificate relating to any PID Bonds authorized by the City Council (such certificate being referred to herein as the “Tax Certificate”) containing covenants and agreements designed to satisfy the requirements of the Tax Code related to the issuance of debt whose interest is exempt from Federal Income Taxation and the income tax regulations issued thereunder relating to the use of the proceeds of the PID Bonds or of any monies, securities or other obligations on deposit to the credit of any of the funds and accounts created by the Indenture or this Agreement or otherwise that may be deemed to be proceeds of the Bonds within the meaning of the Tax Code (collectively, “Bond Proceeds”).

(j) The foregoing requirements apply to each series of PID Bonds, if any.

Section 5.02. Project Fund

The City hereby covenants and agrees that if PID Bonds are issued, the Indenture will establish a Project Fund (as defined in the Indenture) as a separate fund to be held by the Trustee under the Indenture. The portion of the proceeds of the PID Bonds issued to pay Actual Costs of Public Authorized Improvements allocated to Improvement Area #1 and Bond Issuance Costs shall be deposited upon issuance into separate accounts within the Project Fund.

Section 5.03. Denomination, Maturity, Interest, and Security for Bonds

(a) Each series of PID Bonds is subject to authorization by the City Council. If authorized, the PID Bonds shall be issued in the denominations, shall mature and be prepaid, shall bear interest, and shall be secured by and payable solely from the PID Bond Security, all to be as described and provided in the PID Bond Ordinance or applicable Indenture, as applicable.

Section 5.06. Assessments from Two or More Series of PID Bonds

If the total Special Assessments levied on a particular Parcel within the Project consist of Special Assessments stemming from associated with two or more different series of PID Bonds and an owner of an Assessed Property pays only a portion of the total Annual Installment due for such Special Assessments, then such payment will be allocated pro-rata based on the portions of the Annual Installment for each series of PID Bonds outstanding. For example, assume that a Parcel has Special Assessments totaling $20,000, $12,000 of which is for the first series of PID Bonds and $8,000 of which is for another second series of PID Bonds. Further assume that the Annual Installment for such Parcel is $1,000 which consists of a $550 annual installment from the first series of PID Bonds and a $450 annual installment from another second series of PID Bonds and an owner of an Assessed Property pays $600, then the $600 will be allocated as follows:

- $360 (60% of $600) will go towards the Special Assessment for the first series of PID Bonds; and
- $240 (40% of $600) will go towards the Special Assessment for the second series of PID Bonds

Definitions used herein are as set forth in the Service and Assessment Plan.

ARTICLE II. APPORTIONMENT, LEVY AND COLLECTION OF ASSESSMENTS

Section 2.01. Preliminary Matters

(a) On October 6, 2014, the City authorized the formation of the District by Resolution No. 2014-143R. The District includes all of the Property.
(b) A draft of the initial Service and Assessment Plan for the Property is attached hereto as Exhibit “C.” The Owners acknowledge and agree that the Service and Assessment Plan must meet the requirements of Texas law; including, Texas Local Government Code Sections 372.013 and 372.014 and be presented to the City Council for review and approval prior to approval of the Assessment Ordinance(s) and PID Bonds being issued. The final Service and Assessment Plan approved pursuant to the Assessment Ordinance(s) shall be substantially similar to the draft attached hereto as Exhibit “C” and shall be substituted for and replace Exhibit “C”, hereto. Thereafter, the Service and Assessment Plan will be updated and amended by the City or its Administrator at least once per year, and submitted for the City Council’s review and approval. Notwithstanding the above, it is hereby understood and acknowledged by the Parties that the Service and Assessment Plan may need to be amended over time if there are any changes in the Authorized Improvements. Nevertheless, the basic terms and methodology described in the Service and Assessment Plan will generally apply to the PID Bonds, and other reimbursements due to Whisper MC.

(c) Assessments on any portion of the Property will bear a direct proportional relationship to, and be less than or equal to, the special benefit of the Authorized Improvements within the District.

(d) Assessments on any portion of the Property may be adjusted in connection with subsequent PID Bond issues or otherwise so long as the Assessments are determined in accordance with the Service and Assessment Plan.

(e) The Property may also be subject to one or more Owners Association assessment(s) if established by the Owners. The City hereby acknowledges and agrees that (i) the Authorized Improvements will be dedicated, conveyed, leased or otherwise provided to or for the benefit of the City or an Owners Association, and (ii) that any Authorized Improvements conveyed or dedicated to an Owners Association are provided “for the benefit of” the City in accordance with Section 372.023 (a) of the PID Act and such Owners Association will be an entity authorized and approved by the City Council and authorized by the City to own, operate and maintain such Authorized Improvements for the City in accordance with Section 372.023(a)(3) of the PID Act. Without limiting the generality of any of the foregoing, with respect to any Authorized Improvements that are dedicated, conveyed, leased or otherwise provided to an Owners Association as provided herein, the applicable Owners Association shall execute any necessary easements to the public with respect thereto in order to evidence that although such Authorized Improvements are owned and maintained by such Owners Association, the Authorized Improvements are provided for the use and benefit of the public.

(f) Promptly following submission to the City of the initial or an updated Service and Assessment Plan (or any subsequent amendment or supplement to the Service and Assessment Plan) acceptable in form and substance to the City and to the Owners with respect to the matters therein that require approval by the Owners as provided in this Agreement, the City Council shall consider, if applicable, one or more Assessment Ordinances relating to the applicable plan or amendment or supplement. If an Assessment Ordinance is adopted, the City shall use reasonable, good faith efforts to expeditiously initiate and approve all necessary documents and
orders required to effectuate the Service and Assessment Plan and Assessment Ordinance.

Section 2.02. Apportionment and Levy of Assessments

The City will levy Assessments on the Property in accordance herewith and with the Service and Assessment Plan (as such plan is amended from time to time) at such time as an Assessment Ordinance is approved by the City Council in accordance with Article IV hereof. The City’s apportionment and levy of Assessments will be made in accordance with the PID Act.

Section 2.03. Collection of Assessments

(a) Subject to the terms and conditions of this Agreement, the City covenants and agrees that it shall, as authorized by the PID Act and other applicable law, continuously collect or cause to be collected Assessments levied pursuant to one or more Assessment Ordinances in accordance with the Service and Assessment Plan during the term of this Agreement in the manner and to the maximum extent permitted by applicable law. The City covenants and agrees that to the extent permitted by applicable law, it will not permit a reduction, abatement, or exemption in the Assessments due on any portion of the Property until (i) any PID Bonds related to that particular portion of the Property are no longer considered outstanding, whether as a result of payment in full, defeasance, or otherwise, and (ii) any other reimbursements due to Whisper MC hereunder are paid. The City shall use best efforts to collect the Assessments consistent with the City’s policies and standard practices applicable to the collection of City taxes and assessments.

(b) It is the current intention of the City and the Owners that proceeds from PID Bonds will fund the Authorized Improvements allocated to Improvement Area #1 and that the Assessments received from Improvement Area #2 will fund the Authorized Improvements allocated to Improvement Area #2. Notwithstanding that current intention, the parties acknowledge and agree that Whisper MC may elect to request PID Bond issuance to fund the Authorized Improvements allocated to Improvement Area #2 at some point in the future. The parties hereto agree that in the event of any future Bond Issuance Request (as defined herein) for Improvement Area #2, the applicable terms of this Agreement related to collection of Assessments, PID Bond issuance and reimbursement of Actual Costs for Improvement Area #1 shall also apply to Improvement Area #2 and that the Parties shall reasonably cooperate and take any necessary or appropriate steps to effectuate such funding. It is hereby acknowledged that Assessments can be used for the following purposes: (i) after completion of the applicable Authorized Improvements, but prior to the issuance of PID Bonds if a request for a PID Bond issuance (a “Bond Issuance Request”) is submitted in accordance with Section 5.01(a) below, if any, for those Authorized Improvements, Whisper MC shall be reimbursed for some or all of the Actual Costs associated with those Authorized Improvements as requested by Whisper MC in its sole discretion incurred prior to the issuance of the PID Bonds from Assessments collected by the City and held by the City pursuant to an applicable acquisition and reimbursement agreement between Whisper MC, any other applicable Owner and the City (each an “Acquisition and Reimbursement Agreement”); (ii) after any PID Bonds are issued with respect to any given completed Authorized Improvements allocated to Improvement Area #1, the Assessments levied
on Improvement Area #1 will be used first to secure such PID Bonds and second, to the extent any such Assessments are remaining after payments are made on the PID Bonds, to reimburse Whisper MC for any Actual Costs not reimbursed by the PID Bonds; (iii) after completion of the Authorized Improvements applicable to Improvement Area #2, Whisper MC shall be reimbursed for the Actual Costs associated with the Authorized Improvements allocated to Improvement Area #2 only to the amount of the Assessment levied on Improvement Area #2, pursuant to the applicable Acquisition and Reimbursement Agreement; and (iv) after completion of the applicable Authorized Improvements, if Whisper MC does not submit a Bond Issuance Request and no PID Bonds are issued, Whisper MC shall be reimbursed for all of the Actual Costs associated with those Authorized Improvements only to the amount of the Assessment levied. In the event of any future Bond Issuance Request for Improvement Area #2, clause (ii) above shall also apply with respect to Improvement Area #2. The interest shall be calculated at (x) the maximum interest rate permitted by the PID Act prior to PID Bond issuance or (y) the interest rate of the PID Bonds after PID Bond issuance, calculated from the respective dates of the expenditures until the date of reimbursement therefore. Interest does not accrue until the applicable Authorized Improvement is accepted by the City.

(c) Notwithstanding anything to the contrary contained herein or in the Service and Assessment Plan, once PID Bonds have been issued, the Assessments collected annually from the area of the Property for which PID Bonds were issued will be deposited in the Pledged Revenue Fund created pursuant to an Indenture and thereafter transferred in the priority as set forth in such Indenture.

(d) Further, notwithstanding anything to the contrary contained herein, the City covenants and agrees to use best efforts to contract with the Hays County Tax Collector for the collection of the Assessments such that the Assessments will be included on the ad valorem tax bill(s) for the Property and will be collected as part of and in the same manner as ad valorem taxes.

Section 2.04. Approval and Recordation of Assessments through Landowner Agreement

Concurrently with the levy of the Assessments for any portion of the Property, the Owners shall execute (and shall cause any other owner of any of the Property that will be subject to the future special assessments to execute) a Landowner Agreement (herein so called) in which the Landowner shall approve and accept the apportionment of Assessments in the Service and Assessment Plan and the levy of the Assessments by the City. The Landowner Agreement further shall (a) evidence the Owners’ intent that the Assessments be covenants running with the land that (i) will bind any and all current and successor owners of the Property to the Assessments, including applicable interest thereon, as and when due and payable thereunder and (ii) provide that subsequent purchasers of such land take their title subject to and expressly assume the terms and provisions of the Assessments; and (b) provide that the liens created by the levy of the Assessments are a first and prior lien on the Property, subject only to liens for ad valorem taxes of the State, County, City, or school district.

Section 2.05. Reimbursement of Owner-Expended Costs
(a) Whisper MC’s right, title and interest in and to the payments of unreimbursed Actual Costs, as described herein, shall be the sole and exclusive property of Whisper MC (or its Transferee (as defined below)) and no other third party shall have any claim or right to such funds unless Whisper MC transfers its rights to its unreimbursed Actual Costs to a Transferee in writing and otherwise in accordance with the requirements set forth herein. Subject to the terms of Section 8.03 hereof, Whisper MC has the right to convey, transfer, assign, mortgage, pledge, or otherwise encumber, in whole or in part, all or any portion of Whisper MC’s right, title, or interest under this Agreement including, but not limited to, any right, title or interest of Whisper MC in and to payment of its unreimbursed Actual Costs (a “Transfer,” and the person or entity to whom the transfer is made, a “Transferee”). The foregoing notwithstanding, no Transfer of payments hereunder may be pledged to the payment of debt service on public securities issued by any state of the United States or any political subdivision thereof without the approval of the City Council. Notwithstanding the foregoing, no Transfer shall be effective until written notice of the Transfer, including the name and address of the Transferee, is provided to the City. The City may rely conclusively on any written notice of a Transfer provided by Whisper MC without any obligation to investigate or confirm the Transfer.

construction or acquisition of all of those particular Authorized Improvements. The Parties acknowledge that the Actual Cost to construct the Authorized Improvements may be greater than the proceeds of the PID Bonds and Assessments available for Authorized Improvements and any shortfalls will be funded by Whisper MC, subject to Section 2.03(b).

(b) Upon written acceptance of an Authorized Improvement, and subject to any applicable maintenance-bond period if a maintenance bond is required pursuant to applicable City regulations, the City or Owners Association as applicable shall be responsible for all operation and maintenance of such Authorized Improvements, including all costs thereof and relating thereto.

(c) The Authorized Improvements are intended to be constructed pursuant to one or more Acquisition and Reimbursement Agreements and paid for by Whisper MC prior to (i) the issuance of PID Bonds intended to fund such Authorized Improvements or (ii) the collection of Assessments if PID Bonds are not issued for an Authorized Improvement. Such funding of the Authorized Improvements will be governed by the applicable Acquisition and Reimbursement Agreement and Section 4.02 of this Agreement.

Section 4.02. Payments for Completed Authorized Improvements

The Actual Costs of all Authorized Improvements will be financed initially through Acquisition and Reimbursement Agreements. Pursuant to the terms of an Acquisition and Reimbursement Agreement entered into following letting the construction contract for an applicable Authorized Improvement, Whisper MC shall convey, and the City or Owners Association as applicable shall acquire, the given Authorized Improvement for the Actual Cost, after such Authorized Improvement is completed and has been accepted by the City. The general process for funding of Authorized Improvements is as follows:

(a) The following provisions apply with respect to the Authorized Improvements:

(1) The City and Owners will execute one or more Acquisition and Reimbursement Agreements which will provide for Assessments that will reimburse Whisper MC for Actual Costs incurred in connection with the Authorized Improvements until the PID Bonds, if any, are issued (with respect to Improvement Area #1) and as Assessments are collected (with respect to Improvement Area #2) in amount necessary to reimburse Whisper MC for the Actual Costs of the Authorized Improvements less any amounts already reimbursed to Whisper MC pursuant to the Acquisition and Reimbursement Agreements, as provided in Section 2.03(b).

(2) As soon as practical after the Effective Date and after the Appraisal required in Section 5.01(a) below, the City will approve one or more Assessment Ordinances which will include the Service and Assessment Plan. The City will thereby levy and collect the Assessment for the Authorized Improvements.

(3) After the Effective Date of the Original Agreement but prior to the
Effective Date of this Agreement, Whisper MC has caused the construction of a portion of the Authorized Improvements. After the Effective Date of this Agreement Whisper MC will complete the construction of the remaining portion of the Authorized Improvements.

(4) After adoption of the Assessment Ordinance(s), the City will begin collecting the Assessments on the Property. Upon collection of such Assessments, the City will place such Assessments in a designated account separate from the City’s other accounts. As set forth in Section 2.03(b), the funds within the account will be used to reimburse Whisper MC for the Actual Costs of the Authorized Improvements pursuant to the terms of the Acquisition and Reimbursement Agreements and to pay debt service on PID Bonds, if any, and to pay such other costs associated with the PID Bond issuance.

(5) Subject to Force Majeure and any delays in obtaining City approvals and/or permits, within 360 days of City acceptance of the Authorized Improvements, Whisper MC agrees to obtain site development and building permits for, and commence construction of, at least a 50,000 square foot speculative commercial building that meets the following minimum standards:

a. The building shall have a minimum of 35% glazing on all primary street facing facades and 20% on all secondary street facing facades.

b. A maximum of one row of parking (defined to include two sides of parking) shall be permitted between the street and the front of the building.

c. Decorative awnings shall be provided over pedestrian entrances.

d. All street facing facades shall be a minimum of 50% decorative masonry.

e. A landscape area of 15% shall be required and shall follow Section 6.1.1.4 of the City’s Land Development Code.

f. No freestanding pole signs shall be permitted.

g. All utilities shall be underground (there shall be no overhead utilities).

h. Within ___ days of the Effective Date of this Agreement, Whisper MC shall cause fiscal surety in the amount of $250,000.00 and in the form of a letter of credit, performance bond or cash deposit (at Whisper MC’s sole election) to be delivered to the City according to its usual Regulatory Requirements for such fiscal surety to secure completion of the commercial building. Such fiscal surety shall be released and returned to Whisper MC upon completion of the commercial building.

(6) Upon completion of the Authorized Improvements contemplated in the applicable Acquisition and Reimbursement Agreement and the City’s receipt of a Bond Issuance
Request from Whisper MC, the City will issue the PID Bonds, subject to meeting the requirements and conditions stated herein and State law, to reimburse Whisper MC for Actual Costs of the Authorized Improvements allocated to Improvement Area #1, less any amounts already reimbursed to Whisper MC pursuant to the applicable Acquisition and Reimbursement Agreement. If Whisper MC does not make a Bond Issuance Request, the City shall, nevertheless collect Assessments and reimburse Whisper MC for Actual Costs of the Authorized Improvements pursuant to the applicable Acquisition and Reimbursement Agreements.

(b) To receive funds from the proceeds of the PID Bonds, if any, to pay the Actual Cost of the Authorized Improvements, Whisper MC shall deliver to the City (i) documentation evidencing the Actual Costs, (ii) documentation evidencing the acceptance of the Authorized Improvement by the City or Owners’ execution of an easement granting the City and the public the right of access to and use of such Authorized Improvement (as set forth in the PDD Ordinance), and (iii) an assignment of the warranties and guaranties, if applicable, for such Authorized Improvement, in form reasonably acceptable to the City. Nothing herein shall prohibit Whisper MC from being reimbursed for design costs associated with an Authorized Improvement.

(c) At the time of the closing of any PID Bonds, Whisper MC shall, concurrently with the initial draw from the proceeds of the PID Bonds submit to the City a closing disbursement request to the City and the Trustee to be reimbursed for (i) the Unpaid Balance under the applicable Acquisition and Reimbursement Agreement (as such term is defined therein); and (ii) any other qualified and permitted costs approved by the City (collectively, the “Owner Expended Funds”). The total amount of Owner Expended Funds approved by the City pursuant to this Section shall be referred to herein as the “Reimbursement Payment.” Prior to disbursement of proceeds of the PID Bonds, the City will sign the Closing Disbursement Request and deliver said Closing Disbursement Request to the Trustee. At the closing of the PID Bonds, Whisper MC shall be reimbursed an amount equal to the Reimbursement Payment and such amount shall be transferred to the Trustee for distribution to Whisper MC or Whisper MC’s designee.

ARTICLE V. PID BONDS

Section 5.01. Issuance of PID Bonds

(a) Subject to the terms and conditions set forth in this Article V, the City intends to pay for the Authorized Improvements by either (i) reimbursing Whisper MC out of Assessments collected for Actual Costs of the applicable Authorized Improvements pursuant to an applicable Acquisition and Reimbursement Agreement, and/or (ii) by issuing PID Bonds. The City will use diligent, reasonable and good faith efforts, subject to meeting the requirements and conditions stated herein and State law, to issue an initial series of PID Bonds for all or a portion of the Authorized Improvements allocated to Improvement Area #1 on or before ____________, 2020, and the completion of the applicable Authorized Improvements contemplated to be paid for by the PID Bonds to be issued, provided that Whisper MC can reasonably demonstrate to the City and its financial advisors that there is sufficient security for the PID Bonds, based upon the bond market conditions existing at the time of such proposed sale. The planning and documentation of
a PID Bond issuance shall begin upon delivery of a Bond Issuance Request. Prior to PID Bond issuance, Whisper MC shall provide an Appraisal to the City for the City’s review and approval covering the portions of the Property that will be subject to the Assessments securing the PID Bonds, however such appraisal requirement may be waived by the City for any series of PID Bonds issued to refund an outstanding series of PID Bonds. The City shall select the appraiser, in consultation with Whisper MC and the Underwriter, and all reasonable fees of the Appraisal shall be paid by Whisper MC and shall be included in the Actual Costs.

(b) The aggregate principal amount of PID Bonds required to be issued hereunder shall not exceed an amount sufficient to fund: (i) the Actual Costs of the Authorized Improvements, (ii) required reserves and capitalized interest of not more than 12 months after the completion of construction of the applicable Authorized Improvements funded by the PID Bond issue in question; and (iii) any other District Formation and Bond Issuance Costs. Provided, however that to the extent the law(s) which limit the period of capitalized interest to 12 months after completion of construction change, the foregoing limitation may be adjusted to reflect the law(s) in effect at the time of any future PID Bond issuances.

(c) The final maturity for each series of PID Bonds shall occur no later than 30 years from the issuance date of said PID Bonds.

(d) As stated in Section 2.03(b) above, it is the current intent of Whisper MC to request one PID Bond issuance, with such bond issue permitted to include more than one series of PID Bonds as allocated to separate components of the Project, to provide the agreed upon reimbursements. However, Whisper MC retains the right to request the agreed upon reimbursements through additional PID Bond issues subject to the condition that the maximum amount of total indebtedness shall not exceed $14,630,000.

(e) Subject to the annual permitted increases allowed in Section 5.01(g) below, the initial Annual Installment equivalent ad valorem tax rate shall not exceed (i) $0.17 per $100 of assessed valuation for any single-family detached residential Parcels, and (ii) $0.22 per $100 of assessed valuation with respect to any other individual Parcel. In the event that an initial Annual Installment equivalent tax rate on any individual Parcel is determined upon subdivision of such Parcel to exceed $0.22 (subject to the annual permitted increases allowed in Section 5.01(g) below), then the Owner of such Parcel shall make a mandatory partial prepayment of the assessment in an amount sufficient to bring the equivalent tax rate for such Parcel to $0.22 or less before any subsequent Assessments for such Parcel are levied and collected. Assessments on any given portion of the Property may be adjusted in connection with subsequent PID Bond issues, as long as the maximum Annual Installment equivalent tax rate, as described in the foregoing sentence, is not exceeded, and the Assessments are determined in accordance with the Service and Assessment Plan. Assessments on any portion of the Property shall bear a direct proportionate relationship to the special benefit of the Authorized Improvements to that portion of the Property.

(f) The minimum value to lien ratio at the issuance date of each series of PID Bonds shall be (i) 3 to 1 on an overall basis considering all Parcels, and (ii) 2.5 to 1 with respect to any individual Parcel.
(g) The maximum annual permitted increase in Annual Installments shall be 2%.

(h) In addition to any other requirements of this Agreement, including but not limited to City Council approval, PID Bonds are not required to be issued under this Article V unless (i) the statutory requirements set forth in Chapter 372 of the Texas Local Government Code have been satisfied; (ii) the City receives at the time of issuance of such PID Bonds an opinion of counsel selected by the City stating in effect that the PID Bonds are legal and valid obligations under Texas law and that all preconditions to their issuance under State law have been satisfied; and (iii) the Attorney General of the State of Texas has issued an opinion approving issuance of the bonds as required by the PID Act and the PID Bonds have been registered by the Texas Comptroller.

(i) The City will deliver a certificate relating to any PID Bonds authorized by the City Council (such certificate being referred to herein as the “Tax Certificate”) containing covenants and agreements designed to satisfy the requirements of the Tax Code related to the issuance of debt whose interest is exempt from Federal Income Taxation and the income tax regulations issued thereunder relating to the use of the proceeds of the PID Bonds or of any monies, securities or other obligations on deposit to the credit of any of the funds and accounts created by the Indenture or this Agreement or otherwise that may be deemed to be proceeds of the Bonds within the meaning of the Tax Code (collectively, “Bond Proceeds”).

(j) The foregoing requirements apply to each series of PID Bonds, if any.

Section 5.02. Project Fund

The City hereby covenants and agrees that if PID Bonds are issued, the Indenture will establish a Project Fund (as defined in the Indenture) as a separate fund to be held by the Trustee under the Indenture. The portion of the proceeds of the PID Bonds issued to pay Actual Costs of Authorized Improvements allocated to Improvement Area #1 and Bond Issuance Costs shall be deposited upon issuance into separate accounts within the Project Fund.

Section 5.03. Denomination, Maturity, Interest, and Security for Bonds

(a) Each series of PID Bonds is subject to authorization by the City Council. If authorized, the PID Bonds shall be issued in the denominations, shall mature and be prepaid, shall bear interest, and shall be secured by and payable solely from the pledged revenues, all to be as described and provided in the applicable Indenture.

(b) The final and adopted versions of the PID Bond Ordinance and the Indenture (and all documents incorporated or approved therein) shall contain provisions relating to the withdrawal, application, and uses of the proceeds of the PID Bonds when and as issued and delivered and otherwise contain such terms and provisions as are mutually approved by the City and Whisper MC.

Section 5.04. Sale of PID Bonds
The PID Bonds, if issued by the City, may be marketed and sold through a negotiated or privately placed sale to an approved third party or parties with the cooperation and assistance of Whisper MC in all respects with respect to the preparation of marketing documents, such as preliminary and final official statements or in such other marketing and/or sales method mutually agreed upon by the City and Whisper MC.

Section 5.05. Named Authorized Improvements

The Authorized Improvements to be constructed and funded in connection with the PID Bonds are more particularly described on Exhibit “D” attached hereto.

Section 5.06. Assessments from Two or More Series of PID Bonds

If the total Assessments levied on a particular Parcel within the Project consist of Assessments associated with two or more different series of PID Bonds and an owner of an Assessed Property pays only a portion of the total Annual Installment due for such aggregate Assessments, then such payment will be allocated pro-rata based on the portion of the Annual Installment for each series of PID Bonds outstanding. For example, assume that a Parcel has Assessments totaling $20,000, $12,000 of which is for the first series of PID Bonds and $8,000 of which is for a second series of PID Bonds. Further assume that the Annual Installment for such Parcel is $1,000 which consists of a $550 Annual Installment from the first series of PID Bonds and a $450 Annual Installment from a second series of PID Bonds and an owner of an Assessed Property pays $600, then the $600 will be allocated as follows:

$360 (60% of $600) will go towards the Assessment for the first series of PID Bonds;
and

$240 (40% of $600) will go towards the Assessment for the second series of PID Bonds

Total: $600

Section 5.07. Acquisition and Reimbursement Agreements

The costs of all Authorized Improvements will be financed through Acquisition and Reimbursement Agreements. As provided in Section 4.02 above, Whisper MC and the City will enter into one or more Acquisition and Reimbursement Agreements, which will provide for either PID Bonds or Assessments that will reimburse Whisper MC for Actual Costs incurred in connection with the Authorized Improvements in amount necessary to reimburse Whisper MC for the Actual Costs of the Authorized Improvements less any amounts already reimbursed to Whisper MC pursuant to the Acquisition and Reimbursement Agreements.

Section 5.08. Dissolution Upon Non-Issuance

Whisper MC or its Designated Successor and Assign shall petition the City to dissolve the District if the Authorized Improvements have not been completed within five (5) years from
the date that the City approves the first Assessment Ordinance for parcels within the District.

Background Information:

Pursuant to Section 82.066 of the City Code, all regulatory traffic signs and devices, where the authority to install is not specifically delegated to the traffic engineer, requires approval from City Council by ordinance.

The Public Services Department received a petition from residents on Belvin Street seeking to have speed humps installed between Bishop Street and Dixon Street. Thirty-one property owners reside along Belvin Street in this segment. Of the 31 property owners, the petition contained 24 responses. Among the 24 responses, 23 were supportive of the speed hump installation and one property owner was opposed.

Based on a speed study conducted February 25 through March 3, 2020, the average eighty-fifth percentile speed on Belvin Street is 30.1 mph.

If approved, the Transportation Division of the Public Services Department will install speed cushions. Speed cushions are similar to speed humps except speed cushions maintain a gap in the middle of humps to allow emergency management vehicles to straddle the humps so as to not adversely impact response times.

Recommendation:
With the Hopkins Street Reconstruction Project approaching, the speed cushions will serve as a traffic calming measure for any cut-through traffic that may attempt to avoid the project and the City’s official detour plan and travel on Belvin Street. In order to maintain roadway safety, City staff recommends the approval of installing speed cushions on the 1300-1500 block of Belvin Street (between Bishop Street and Dixon Street).
ORDINANCE NO. 2020-24

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SAN MARCOS, TEXAS AMENDING THE TRAFFIC REGISTER MAINTAINED PURSUANT TO SECTION 82.067 OF THE CITY CODE BY DECREASING THE SPEED LIMIT IN THE 1300 THROUGH 1500 BLOCKS OF BELVIN STREET (BETWEEN BISHOP STREET TO DIXON STREET) FROM 30 MILES PER HOUR TO 25 MILES PER HOUR IN BOTH DIRECTIONS AND AUTHORIZING THE INSTALLATION OF SPEED CUSHIONS; AND INCLUDING PROCEDURAL PROVISIONS.

RECITALS:

1. Belvin Street is a two-way residential street located in the Belvin Street Historic District of the City. A traffic study conducted between February 25, 2020 and March 3, 2020 indicated that the 85th percentile speed in the 1300 to 1500 blocks of Belvin Street (between Bishop Street to Dixon Street) to be 30.1 miles per hour.

2. Such traffic conditions are not safe for residents and residents have petitioned the City to impose traffic regulations and devices in the 1300 through 1500 blocks of Belvin Street (between Bishop Street to Dixon Street) in order to improve public safety.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN MARCOS, TEXAS:

SECTION 1. The Recitals are hereby found to be true and correct and are adopted as the findings of the City Council.

SECTION 2. Pursuant to Section 82.066 of the San Marcos Code, and on the basis of the findings stated, the City Council hereby authorizes decreasing the speed limit from 30 miles per hour to 25 miles per hour in the 1300 through 1500 blocks of Belvin Street (from Bishop Street to Dixon Street) in both directions and the installation of speed cushions.

SECTION 3. The installation of signs providing notice of the speed limit and the presence of the speed cushions is also hereby authorized.

SECTION 4. If any word, phrase, clause, sentence, or paragraph of this ordinance is held to be unconstitutional or invalid by a court of competent jurisdiction, the other provisions of this ordinance will continue in force if they can be given effect without the invalid portion.

SECTION 5. All ordinances and resolutions or parts of ordinances or resolutions in conflict with this ordinance are repealed.

SECTION 6. This ordinance shall be effective upon its adoption on second reading.
PASSED AND APPROVED on first reading on April 21, 2020.

PASSED, APPROVED AND ADOPTED on second reading on May 5, 2020.

We would also like the same on Bishop St going up and down the street. People are always speeding and it is hard to feel safe turning into our driveway. It is really bad on the weekends late at night on both Bishop + Belvin.

Background Information:
During the April 7th meeting, Council directed staff to create funding source for COVID-related expenses. In response, staff is proposing to take $50,000 from the Special Services line items in each of the three major funds: General, Electric and Water/Wastewater for a total of $150,000.

This funding could be used to acquire COVID-19 test kits that could be used to supplement the supply being used by our local testing facilities. It is important to note that any expenditure not directly related to the operation of the local government may not qualify for reimbursement. As such, staff recommends we spend funds on test kits that would be used to augment public testing only when the normal testing capacity is at risk of overrun. We are closely monitoring the capacity of the local medical industry to conduct the testing, and they are currently operating below maximum capacity.
