Re: Demolition Review for Historic-age Resources

At the July 11, 2019 Regular Meeting, the Commission discussed the potential demolition review for historic-age resources ordinance. The following are the main pieces of the proposed ordinance as discussed by the Commission. Staff has outlined the process in a flow chart, included with the memo.

Demolition Review for Historic-Age Resources Ordinance

A. Purpose. The purpose of this process is to provide criteria to prevent or minimize unnecessary damage to the quality and character of the city’s historic resources by requiring the review of a request for demolition of a building or structure to enable a determination of its historic significance, and to provide the public, other interested preservation based organizations, and staff an opportunity to work with the property owner on alternative solutions to demolition where possible.

B. Applicability. An automatic 90-day demolition review period is required for the following properties:
   a. Those located inside the My Historic SMTX historic resources survey boundaries as amended or supplements and identified with a high or medium preservation priority; and
   b. Those located outside the My Historic SMTX historic resources survey boundaries as amended or supplemented and 50 years of age, listed on the National Register of Historic Places (NRHP) and/or a Recorded Texas Historical Landmark (RTHL).

C. Notifications. The following shall be notified of the request for demolition within 20 days of the complete application being submitted:
   a. Property Owners within 400' (mailed notice)
   b. San Marcos Daily Record (published notice)
   c. Historic Preservation Commission (E-Notice)
   d. President of the Heritage Association (E-Notice)
   e. Hays County Historical Commission (E-Notice)
   f. Neighborhood Commission (E-Notice)
   g. President of CONA (E-Notice)
   h. Certified Local Government Coordinator with the Texas Historical Commission (E-Notice)
   i. Executive Director of Preservation Texas (E-Notice)
j. Any interested persons signed up to receive Notice of Application under Sec. 2.3.2.1. (E-Notice)

Notice of all requests for demolition shall also be conspicuously posted on the City's website.

Next Steps
If recommended, the demolition review process would be considered a text amendment to the San Marcos Development Code and would follow the process outlined in Chapter 2, Article 4, Division 1. The text amendment could then be considered for recommendation by the Planning and Zoning Commission at their August 27th Regular Meeting. Following that meeting, Staff could place the text amendment on the September 3rd City Council meeting agenda for first reading and September 17 for second reading. The emergency Demolition Delay Ordinance is effective for 120 days from the adoption date of June 27, 2019 and therefore set to expire on October 23, 2019.

Staff recommends sending notification to property owners identified with any preservation priority (e.g. high, medium, low) within My Historic SMTX making them aware of the proposed text amendment to the San Marcos Development Code to include a demolition review process for historic-age resources.
