Presentation included artifacts discovered in her yard and well as other surface finds, including arrowheads, fossils and crystals. Concerning to Ms. Coppoletta it is danger to oak trees and historic aspects of street, as well as flooding.

VI. ITEMS FOR ACTION/DISCUSSION

a) Discuss and consider action regarding a possible resolution to Council related to the Sidewalk Project on Belvin Street.  
- MOTION to discuss by Roland Saucedo and seconded by Shane Scott  
- Discussion was made regarding concerns surrounding sidewalk project on Belvin Street. Roland Saucedo states he personally went out and scouted area and reported his findings to the Commission. Feels that this needs to be looked at more closely and City needs to do more investigation and communication, especially with the arborist.
• **MOTION** by Roland Saucedo and seconded by Shane Scott for "resolution to council to look at plan and investigate communication among all parties including arborist."

• Further discussion included Cathy Dillon: why are sidewalks needed? Are the bus stops legit? Is this happening elsewhere in town? Michelle McWatters: why do we have sidewalks? It is for the safety of pedestrians. However, we need to weigh it out. Killing trees vs. safety. vs. historical pieces. Joe Cantu: should focus on putting sidewalks in other neighborhoods that want them and leave this as is. Roland Saucedo: not telling City to stop it or postpone it, but bring to the attention of the Council that they look at and take into consideration the breakdown in communication, etc. Shane Scott: asked Lisa Marie Coppoletta if she was in the historic district? No was the answer. His thought was that the Council might ask HPC to get involved. Staff: requested commissioners to focus on the motion on the table. Shane Scott: would like to add that the Council be sensitive to the historic district implications. Roland Saucedo: wants to stick with original motion and keep to the issues reflected. Staff: amendment is needed to the main motion in order to capture additional concerns/comments.

• **MOTION TO AMEND** made by Cathy Dillon and seconded by Shane Scott to add language "in particular we ask that Council be sensitive to sidewalks in our irreplaceable historic areas."

• **AMENDED MOTION** wording was discussed and a motion was made by Roland Saucedo and seconded by Estella Enriquez to finalize the wording as, "resolution to City Council to advise City Manager to look into the sidewalk plan and ensure clear communication amongst all city departments and all affected citizens involved in this project; in particular we ask that Council be sensitive to sidewalks affecting our irreplaceable historic areas." Commissioners request that City Manager be copied on finalized resolution. All in favor, motion carried.

**MOTION** made by Lizabeth Dobbins, seconded by Jennifer Katz to move staff reports up in the agenda. All in favor, none opposed, motion carried.

Looking forward to working with commissioners and their respective neighborhoods.

a) Receive a status update from staff of timeline for sidewalk project along Sessom connecting to Texas State University campus (Tammy Strakos: refer to Questions/Follow-Up document included in packet and previously sent via email to commissioners on 3/27/19)

b) Receive staff guidance from City Clerk's office on new bylaws and procedures for boards (Jamie Lee Case: Council adopted new bylaws in November of 2018. Roland Saucedo: confusion surrounding who board can advise. Moving forward board needs clarification. Jamie Lee Case: ordinance and bylaws and charter are all in conflict. Needs to be ironed out at Council level. Jeff Caldwell: working on charge later in this meeting to correct those areas in conflict. Jamie Lee Case: need to get ordinance changed first for the purpose (activities) and duties. Once resolution is approved, goes from staff liaison to City Clerk and it is forwarded to Council. Mayor or two councilmembers can add to an agenda or not. City Staff takes direction from City Manager. City Manager takes direction from Council. Need to correct this.
c) Receive staff update regarding the use of digital communication related to matters of City business. *Jamie Lee Case: Anything done related to this board is subject to Public Information Act. Emails, text messages, etc. Up to you to decide how you want to handle. Some folks carry two phones, some have separate emails, etc. It is a personal preference and whatever you feel is manageable. It is a violation of Open Meetings Act to create a “walking quorum” per Jeff Caldwell. Only engage in one-way communication. Never reply to all on emails. Be cautious of the possibility of a perceived quorum.
