V. 30 Minute Citizen Comment Period

Harvey Jenkins, addressed the Council regarding the recent death of his beloved miniature pet donkey and the refusal of animal control to come and remove the body. He was told initially that they could come out and remove and dispose of the body and then was later told that the City could not come and remove the animal. He said that he would be filing a lawsuit against the city regarding the issue.

Rodrigo Amaya, addressed the Council about the services that he is receiving from the city and expressed his frustrations with getting some things addressed. He mentioned a sidewalk on Gravel Street that was recently laid and it is already broken and in need of repair. He also mentioned the request he submitted to community services for some park benches in the Rio Vista area. He said that they have black top on top of concrete and that it is temporary. He mentioned that there are several trees that are rotten around town, and that the Neighborhood Services Department has mentioned nothing can be done about it. He mentioned Municode not being updated and then a leak on Cheatham street.

Sherwood Bishop, spoke about Item #13 and the Greenbelt Alliance, River Foundation and numerous citizens working on a greenbelt loop around town and this piece of property will be instrumental in completing that loop. He also mentioned the trees that fell during hurricane Harvey and the impressive work by the City’s Electric Department. Three different power failures occurred in their neighborhood and the Utility workers came out and solidly worked on repairing these and restored all power. He noted this took 26 hours when it should have taken them 2 weeks. He said Tom Taggart has his staff trained and prepared and they are heroes. He thanked them and feels that they should be celebrated.
