

Comments Regarding Implementation Plan Survey & Other Topics

Date Received	Comments
5.8	Off-site adoptions; partnerships to increase capacity and speed adoption-ready process; training program; don't kill healthy and non-aggressive when kennels available; maximize space, use portable buildings; public awareness; rescue/foster programs; add adoption counselors; open 7 days a week.
4.20	Disagrees with ranking activity when ALL are essential; should allow for detailed suggestions-perhaps a page with room for comments and online feedback; exercise leaves participants with a sense that essential things will not be included
4.24	Public relations and customer service is important for community support
4.3	Hays Co has a higher poverty rate than other successful shelters; please factor this into budgeting and planning
3.28	Financial benefits of no-kill; instead of euthanizing, would rather her tax dollars go to reducing # of animals & filling govt coffers
3.22	Stray q's biased, negative, and not correct range of possible answers.
3.21	Attempts should be made to return strays to owners; q's are biased.
3.21	Stray q's biased; should have option to reunite with owner or take to shelter for other live outcome.
3.21	Stray q's biased.
3.19	(stray) Would like "other" option w/ space to describe
3.19	(stray) Neutered cats w/ care (food, water, shelter) are great & reduce rodents; concerned for dogs' safety - need a home for food and shelter
3.18	(stray) Would like "other" option with space to describe
3.17	Would like "other" option with space to describe; she feels sad; wants them to be cared for and taken home (stray); educate community on all; can raise funds outside of tax dollars
