TDS drivers must service recyclables using the automated truck arm. Drivers cannot throw material into their trucks.

If your recycling cart is full, place extra recyclables in a small cardboard box beside your cart.

The driver will service your cart, reload the cart with the extra material, then service the cart again.

See instructions on the back of this page.
HOW TO PREP EXTRA RECYCLABLES FOR SERVICE

- Use a box that will fit inside your cart

- If you are recycling large cardboard, cut it into small pieces

- Put the cardboard or other accepted recyclables inside the small box

- Place the extra box of materials next to your cart on your service day

Recycling customers can also use the 24-hour drop-off at Green Guy Recycling (937 HWY 80)
