# POLLINATORS WEEK

Bees

Humming Birds

Butterflies

and many MORE!

DURING POLLINATORS WEEK, CAMPERS LEARNED ALL ABOUT DIFFERENT TYPES OF POLLINATORS AND HOW TO IDENTIFY THEM.

CAMPERS FOCUSED ON TOPICS SUCH AS CROSS POLLINATION AND HOW IT PLAYS A LARGE ROLE IN THE BEAUTIFUL FLOWERS AND PLANTS WE LOVE.

Campers also enjoyed seeing some of these pollinators live in action at the San Antonio Zoo as well as many other amazing animals. Here are some pictures from our zoo adventures this week!
