

AWESOME MOLA

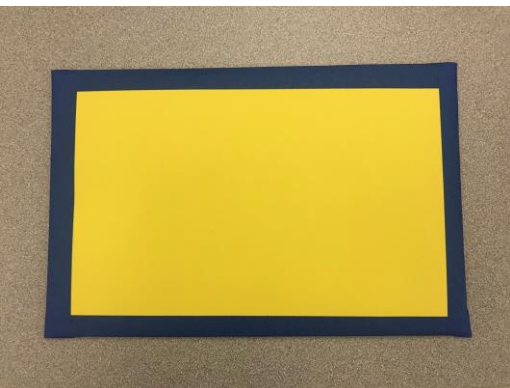

Inspired art from the Kuna tribe of Panamá

We encourage you to look up some authentic molas on the internet to see the beautiful and intricate designs and to read the stories behind those designs.

Supplies:

- Cardboard base
- Paper to cover cardboard base
- Colorful paper for strips
- Crab shape or any animal that you draw and cut out
- *Pen, glue, scissors, tape*

1. Cut the paper to fit the cardboard base. Create a boarder by taping all four sides of the paper to the cardboard base. I used painters tape because I like the blue color.

2. Next glue the crab or animal to your base and draw an outline around it.

3. Then cut thin strips and shapes to go around the creature as well as going inside of the creature.

4. Glue the strips and shapes on to the board creating an interesting pattern on the creature as well as the background.

YEA!
YOUR AWESOME MOLA!
