

# LOTERÍA NICO CRAFT

## Supplies:

- \* Cardboard cut in a 2 ½ X 4 ½ in. arch shape.
- \* 2 coffee stirrers
- \* 8 X 8 in. piece of aluminum foil
- \* Cardstock cut into a larger arch shape 4 X 5 ½ in.
- \* Prints of Lotería cards 1 ¼ X 2 in.
- \* 6 in. of yarn
- \* Sparkle jewels or glitter
- \* tape, glue stick

1. Cut the coffee stirrers. One pair at 2 ½ in. the other pair at 2 in.

2. Make a box with the coffee stirrers and tape them down. Next, smear glue on the cardboard for the foil to stick to.

3. With your finger smooth the foil over the cardboard and coffee stirrers and you will see the square shape emerge. After that, fold the excess foil to the back of the cardboard and glue down.

4. Now it is time to choose the picture that you want to fit into the square on your Nicho. I chose "El Sol". Next, add some sparkle. 😊

5. Now, glue the cardstock backing to the foil Nicho and tape the hanger on.
