

San Marcos is committed to helping our community reduce chemicals that are dangerous to our health and the environment.

**OPEN WEEKLY
RAIN OR SHINE**

**Tuesday & Friday
Noon - 3:30 pm
634 E. Hopkins**

*Entrance on Hopkins
across from HEB*

Household Hazardous Waste (HHW) is a chemical or solid waste resulting from the maintenance of a home, yard, or vehicle.

HHW products often display these keywords:

- *Harmful to humans, animals, or environment*
- *Danger, warning, caution, poisonous, corrosive, toxic, or flammable*

HHW can contaminate water, soil, and air if not disposed of properly. For health, safety, and environmental reasons, it is illegal to dispose of HHW in the garbage, sewers, or down household or storm drains.

Tips for managing HHW in your home:

- *Buy only what you need*
- *Use an online paint calculator*
- *Consider using alternative, non-hazardous products*

Please visit the Texas Commission on Environmental Quality website for additional HHW information.
